

The Torray Fund (TORYX)

A series of the Torray Fund (the "Trust")

Supplement to the Prospectus and Statement of Additional Information, Each Dated April 30, 2020

The Prospectus and Statement of Additional Information ("SAI"), each dated April 30, 2020, of the Torray Fund, the Trust's single series (the "Fund"), are hereby amended to reflect the following new information.

Effective June 30, 2020, Mr. Robert E. Torray will relinquish his duties as President of the Trust and Co-Portfolio Manager of the Fund, which he started in 1990. Mr. Torray will remain as Chairman of Torray LLC ("Torray"), the Fund's investment manager and successor to the company that Mr. Torray founded in 1972. Mr. Shawn M. Hendon, President of Torray and Co-Portfolio Manager of the Fund, will assume responsibilities as President of the Trust and be joined by Mr. Jeffrey D. Lent, who will also serve as Co-Portfolio Manager of the Fund, effective July 1, 2020. Mr. Lent has over 30 years of portfolio management experience, and currently serves as portfolio manager or co-portfolio manager for certain separate account strategies at Torray, including the Torray Large Cap Value strategy. This transition is designed to ensure continuity in Fund management, and there will be no change in the value-oriented investment approach which has been the hallmark of the Fund since its inception.

In addition, following approval by the Trust's Board of Trustees, the Fund is interchanging its performance benchmarks so that the Russell 1000 Value Index will be the primary benchmark index and the S&P 500 Index will be the secondary benchmark index. Currently, the S&P 500 Index is the primary benchmark index and the Russell 1000 Value Index is the secondary benchmark index. This change is being implemented based on management's determination that the Russell 1000 Value Index is a more appropriate primary benchmark for the Fund than the S&P 500 Index, given the closer correlation of holdings, risk characteristics and return history of the Russell 1000 Value Index versus those of the Fund.

Accordingly, the Fund's Prospectus and Statement of Additional Information are hereby amended with the following changes.

PROSPECTUS

On page 2 of the Fund's prospectus, in the section entitled Performance Information, the table labeled "Average Annual Total Returns (For the periods ended December 31, 2019)" is amended in its entirety as follows:

Average Annual Total Returns (For the periods ended December 31, 2019)

	<u>1 Year</u>	<u>5 Years</u>	<u>10 Years</u>	<u>Since Inception December 31, 1990</u>
The Torray Fund				
Return Before Taxes	19.89%	6.25%	9.89%	9.69%
Return After Taxes on Distributions	19.12%	5.01%	9.14%	8.82%
Return After Taxes on Distributions and Sale of Fund Shares	12.29%	4.74%	8.07%	8.35%
Russell 1000 Value Index* (reflects no deduction for fees, expenses, or taxes)	26.54%	8.29%	11.80%	10.48%
S&P 500 Stock Index* (reflects no deduction for fees, expenses, or taxes)	31.49%	11.70%	13.56%	10.44%

After-tax returns are calculated using the historically highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on the investor's tax situation and may differ from those shown. The after-tax returns shown are not relevant to investors who hold their Fund shares through tax-deferred arrangements such as 401(k) plans or individual retirement accounts.

- * The Russell 1000 Value Index measures the performance of the Large Cap Value segment of the U. S. Equity universe. It includes those Russell 1000 companies with lower price-to-book ratios and lower expected and historical growth rates. The S&P 500 Stock Index measures the performance of 500 large-capitalization U. S. companies. These indexes are unmanaged and do not reflect the fees and expenses typically paid by mutual funds. Results include reinvested dividends.

The section entitled "Portfolio Managers" on page 3 of the Fund's Prospectus is amended in its entirety as follows:

Portfolio Managers

Shawn M. Hendon, President of the Manager, serves as co-portfolio manager of the Fund along with Jeffrey D. Lent. Mr. Hendon previously served as the co-portfolio manager of the Fund with the Founder and Chairman of the Manager, Robert E. Torray, from 2008-2012 and again from January 1, 2017 through June 30, 2020, after rejoining the Manager's portfolio management team. Mr. Lent has over 30 years of portfolio management experience, and currently serves as portfolio manager or co-portfolio manager for certain separate account strategies at Torray, including the Torray Large Cap Value strategy.

The first paragraph under the section entitled "MORE INFORMATION ABOUT FUND MANAGEMENT" on page 5 of the Fund's Prospectus is amended in its entirety as set forth below.

The Fund's investment manager is Torray LLC, 7501 Wisconsin Avenue, Suite 750W, Bethesda, Maryland 20814. Robert E. Torray is the Founder and Chairman of the Manager. Mr. Torray was also President of The Torray Corporation, a mutual fund manager that he founded in 1990, and the Chairman of Robert E. Torray & Co. Inc., a manager of large institutional portfolios that he founded on May 1, 1972. Each of these entities has been consolidated into the Manager. Today, the Manager offers investment management services to individuals, institutions, and other investment companies. Shawn M. Hendon, President of the Manager and President of the Trust, serves as co-manager of the Fund with Jeffrey D. Lent, and they share the same responsibilities for the day-to-day management of the Fund's investment portfolio. Mr. Hendon is a critical member of the Manager's research and portfolio management team. He previously served as co-portfolio manager of the Fund with Mr. Torray from 2008-2012 and again from January 1, 2017 through June 30, 2020, after rejoining the Manager's portfolio management team. Prior to joining Torray LLC in 2008, Mr. Hendon was co-founder and Partner of Rockledge Partners (from 2004 to 2007) and Managing Director and Portfolio Manager for Lockheed Martin Investment Management Company (from 1979 to 2003). In 2012, he founded Harewood Partners, LLC, and has served as Managing Partner of that firm since its inception. Mr. Hendon received a BA degree from Georgetown University (1973), and an MBA from the George Washington University (1976). Mr. Lent is a Principal at Torray and serves as a Co-Portfolio Manager for the Torray Large Cap Value strategy, as well as a Senior Research Analyst for the TorrayResolute Growth strategies, and Portfolio Manager for the TorrayResolute Equity Income strategy. He began his investment career in 1987 with Kemper Mutual Funds in Chicago. Prior to joining Torray in 2010, he was an analyst and portfolio manager with Resolute Capital Management and a Vice President with Tucker Anthony Inc., where he formed the Corporate Services Group. Mr. Lent received a BS from the University of New Hampshire in 1987.

STATEMENT OF ADDITIONAL INFORMATION "SAI"

On page 6 of the SAI, the table under the heading Interested Trustees and Officers of the Fund is hereby amended in its entirety as follows:

* All addresses are c/o The Torray Fund, 7501 Wisconsin Avenue, Suite 750W, Bethesda, MD 20814.

** Mr. Shaner is deemed to be an independent Trustee effective as of January 1, 2011.

*** Mr. Lane, Mr. Hendon and Ms. Kellogg, by virtue of their employment with Torray LLC, the Fund’s investment adviser, are considered “interested persons” of the Trust, as that term is defined in Section 2(a)(19) of the Investment Company Act of 1940, as amended.

On page 10 of the Statement of Additional Information, under the heading INVESTMENT MANAGER AND OTHER SERVICE PROVIDERS – The Manager, the text beginning with the table showing other accounts managed by the Portfolio Managers and continuing to the bottom of page 10, is amended in its entirety as set forth below:

Shawn M. Hendon and Jeffrey D. Lent are co-managers of the Fund. The following table lists the number and types of other accounts managed by each individual and assets under management in those accounts as of May 31, 2020:

Portfolio Manager	Other Registered Investment Company Accounts	Assets Managed (\$ millions)	Other Pooled Investment Vehicle Accounts	Assets Managed (\$ millions)	Other Accounts	Assets Managed (\$ millions)	Total Assets Managed* (\$ millions)
Shawn M. Hendon	0	\$0	0	\$0	13	\$9	\$333
Jeffrey D. Lent	0	\$0	0	\$0	108	\$73	\$73

- * If an account has a co-portfolio manager, the total number of accounts and assets have been allocated to each respective manager. Therefore, some accounts and assets have been counted twice.

As indicated in the table above, portfolio managers at the Manager may manage accounts for multiple clients. The portfolio managers may manage other registered investment companies, and separate accounts (*i.e.*, accounts managed on behalf of individuals). Portfolio managers at the Manager make investment decisions for each account based on the investment objectives and policies and other relevant investment considerations applicable to that portfolio. Because a portfolio manager’s compensation is affected by revenues earned by the Manager, the incentives associated with any given account may be higher or lower than those associated with other accounts. The Manager has adopted and implemented policies and procedures, including brokerage and trade allocation policies and procedures, which it believes address the conflicts associated with managing multiple accounts for multiple clients. The Manager monitors a variety of areas, including compliance with account investment guidelines, the allocation of initial public offerings and other similar investment opportunities, and compliance with the Manager’s Code of Ethics.

The compensation of each of the Fund’s portfolio managers consists of a fixed annual salary, plus additional remuneration based on the firm-wide results of the Manager for the given time period.

The dollar range of equity securities of the Fund beneficially owned by the Fund’s portfolio managers as of June 20, 2020 is as follows:

<u>Portfolio Manager</u>	<u>Dollar Range of Equity Securities of The Fund Beneficially Owned</u>
Shawn M. Hendon	Over \$100,000
Jeffrey D. Lent	Over \$100,000

SUMMARY SECTION

Investment Objectives

The Turray Fund's (the "Fund") investment objectives are to build investor wealth over extended periods and to minimize shareholder capital gains tax liability by limiting the realization of long- and short-term gains.

Fees and Expenses of the Fund

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

Shareholder Fees

(fees paid directly from your investment) None

Annual Fund Operating Expenses

(expenses that you pay each year as a percentage of the value of your investment)

Management Fees	1.00%
Other Expenses	<u>0.15%</u>
Total Annual Fund Operating Expenses	1.15%
Less: Fee Waiver ⁽¹⁾	<u>(0.09)%</u>
Total Annual Fund Operating Expenses After Fee Waiver ⁽¹⁾	<u><u>1.06%</u></u>

⁽¹⁾ Turray LLC (the "Manager") has contractually agreed prospectively pursuant to an Operating Expense Limitation Agreement (the "Agreement") to waive its management fee and reimburse the Fund for its current Operating Expenses so as to limit the Fund's current Operating Expenses to an annual rate, expressed as a percentage of the Fund's average annual net assets, to 1.00% (the "Expense Cap"). For purposes of the Agreement, the term "Operating Expenses" includes the Manager's management fee and all other expenses necessary or appropriate for the operation of the Fund, excluding any front-end or contingent deferred loads, taxes, leverage, interest, brokerage commissions, AFFE, trustee fees and expenses, auditor fees and expenses, legal fees and expenses, insurance costs, registration and filing fees, printing, postage and mailing expenses, expenses incurred in connection with any merger or reorganization, or extraordinary expenses such as litigation. The Agreement will remain in effect until April 30, 2021. The Expense Cap may only be raised or eliminated with the consent of the Board of Trustees.

Example

This example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year and that the Fund's operating expenses remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
\$108	\$356	\$624	\$1,390

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund

operating expenses or in the example, affect the Fund's performance. During the most recent fiscal year, the Fund's portfolio turnover rate was 11.05% of the average value of its portfolio.

Principal Investment Approach

The Fund views common stock ownership as an investment in a business, and therefore invests for the long term, employing a value-oriented approach to security selection. The Fund invests principally in common stock of large-capitalization companies that generally have demonstrated records of profitability, conservative financial structures, and shareholder-oriented management. The Fund seeks to invest in such companies when it believes that valuations are modest relative to earnings, cash flow or asset values. Large capitalization companies are those with market capitalizations of \$8 billion or more. Investments are held as long as the issuers' fundamentals remain intact, and the Fund believes issuers' shares are reasonably valued.

Ordinarily, 90% or more of the Fund's assets will be invested in common stocks to the extent the Fund can identify common stocks which satisfy its selection criteria, with the balance held in U.S. Treasury securities or other cash equivalents. Although the number of holdings may vary, the Fund usually holds between 25 and 40 stocks, with positions in individual issuers generally ranging between 2% and 4% of the Fund's assets. Generally, positions in individual issuers will not exceed 5% of Fund assets. The Fund will not invest in excess of 25% of its assets in any one industry and generally does not invest greater than 25% of its assets in any specific group of industries.

Principal Risks of Investing in the Fund

General Risk. All investments are subject to risks, and an investment in the Fund is no exception. Accordingly, you may lose money by investing in the Fund and investors face the risk that the Manager's business analyses prove faulty.

Market Risk. The value of the Fund's investments will fluctuate as markets fluctuate and could decline over short- or long-term periods, sometimes rapidly and unpredictably. Markets for securities in which the Fund invests may decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments that may cause broad changes in market value, public perceptions concerning these developments, and adverse investor sentiment or publicity. In addition, extraordinary events outside the control of the Fund, including acts of God (e.g., fire, flood, earthquake, storm, hurricane or other natural disaster), acts of war and terrorist activities, and global health events, such as epidemics, pandemics and disease, and their related social and economic impacts, may cause significant adverse market conditions and result in losses in value to the Fund's investments.

Value-Style Investment Risk. The Fund's value investments are subject to the risk that their intrinsic values may not be recognized by the broad market or that their prices may decline.

Sector Risk. The securities of companies in the same or related businesses ("industry sectors"), if comprising a significant portion of the Fund's portfolio, may in some circumstances react negatively to market conditions, interest rates and economic, regulatory or financial developments and adversely affect the value of the portfolio to a greater extent than if such securities comprised a lesser portion of the Fund's portfolio or the Fund's portfolio was diversified across a greater number of industry sectors. Some industry sectors have particular risks that may not affect other sectors.

No Guarantee. An investment in the Fund is not a deposit in a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency.

Performance Information

Below is a bar chart and performance table that provides some indication of the risks of investing in the Fund. The bar chart illustrates how the Fund's annual total returns have varied from year to year. The performance table provides the Fund's average annual total returns both on a before-tax and an after-tax basis and compares the Fund's performance against the performance of an unmanaged market index. It is important to remember that the Fund's past performance (both before and after taxes) does not indicate how the Fund will perform in the future. Updated performance information may be obtained on the Fund's website (<https://funds.torray.com/fund-performance/>).

During the period covered by this bar chart, the Fund's highest return for a calendar quarter was 12.51% in the first quarter of 2013, and the lowest return for a calendar quarter was -12.04% in the third quarter of 2011.

Average Annual Total Returns (For the periods ended December 31, 2019)

	<u>1 Year</u>	<u>5 Years</u>	<u>10 Years</u>	<u>Since Inception December 31, 1990</u>
The Torray Fund				
Return Before Taxes	19.89%	6.25%	9.89%	9.69%
Return After Taxes on Distributions	19.12%	5.01%	9.14%	8.82%
Return After Taxes on Distributions and Sale of Fund Shares	12.29%	4.74%	8.07%	8.35%
S&P 500 Stock Index* (reflects no deduction for fees, expenses, or taxes)	31.49%	11.70%	13.56%	10.44%
Russell 1000 Value Index* (reflects no deduction for fees, expenses, or taxes)	26.54%	8.29%	11.80%	10.48%

* The S&P 500 Stock Index measures the performance of 500 large-capitalization U.S. companies. The Russell 1000 Value Index measures the performance of the large-cap value segment of the U.S. equity universe. It includes those Russell 1000 companies with lower price-to-book ratios and lower expected and historical growth rates. These indexes are unmanaged and do not reflect the fees and expenses typically incurred by mutual funds. Results include reinvested dividends.

After-tax returns are calculated using the historically highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on the investor's tax situation and may differ from those shown. The after-tax returns shown are not relevant to investors who hold their Fund shares through tax-deferred arrangements such as 401(k) plans or individual retirement accounts.

Investment Adviser

The Fund's investment manager is Torray LLC. As of April 1, 2020, the Manager had \$507 million in assets under management.

Portfolio Managers

Robert E. Torray is the Founder and Chairman of the Manager and founded the Manager's predecessor in 1972. Shawn M. Hendon, President of the Manager, serves as co-portfolio manager of the Fund along with Mr. Torray. Mr. Hendon previously served as the co-portfolio manager of the Fund with Mr. Torray from 2008-2012. He rejoined the Manager's portfolio management team and was named co-portfolio manager of the Fund effective January 1, 2017.

Purchasing and Selling Fund Shares

To purchase shares of the Fund for the first time, you must invest \$2,000. Additional purchases can be made for \$500 or more.

You may purchase and sell shares on any day that the New York Stock Exchange is open.

You may sell Fund shares through your financial intermediary or by contacting the Fund: (i) by telephone at 1-800-626-9769; or (ii) in writing c/o U.S. Bank Global Fund Services, P.O. Box 701, Milwaukee, WI 53201-0701.

For more information about purchasing and redeeming Fund shares, see "More Information About Purchasing and Redeeming Shares" on page 6 of this prospectus.

Tax Information

The Fund intends to make distributions that will be taxed as ordinary income or capital gains unless you are a tax-exempt organization or are investing through a tax-advantaged arrangement such as a 401(k) plan or Individual Retirement Account. Distributions on investments made through such tax-advantaged arrangements may be taxed later upon withdrawal of assets from those accounts.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase and/or hold Fund shares through a broker-dealer or other financial intermediary, the Fund and/or the Fund's Manager, Torray LLC, may pay the intermediary for facilitating the sale of Fund shares and/or for shareholder services that the intermediary provides. These payments have the potential to create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

MORE INFORMATION ABOUT INVESTMENT OBJECTIVES, APPROACH AND RISKS

Investment Objectives

As noted earlier, the Fund's investment objectives are to build investor wealth over extended periods and to minimize shareholder capital gains tax liability by limiting the realization of long- and short-term gains. The Fund's investment objectives may be changed without shareholder approval. Shareholders will be provided with prior written notice of any changes to the Fund's investment objectives.

There is no guarantee that these objectives will be achieved.

Investment Process

The Manager's primary focus is on business analysis. No attempt is made to forecast market trends or to time the Fund's investments based on prevailing opinions about the market's outlook. Additionally, no effort is made to mirror any market index in constructing the portfolio. A company's historical record is central to valuation, and the Manager seeks to identify companies whose managements are good stewards of capital, focus on profitability and growth in per share value, and are candid in reporting to shareholders. Companies with successful track records that have fallen from investor favor can be of interest if the Manager determines the cause or causes of investor disaffection are temporary and that the share prices fail to reflect the Manager's assessment of their intrinsic value. However, companies with poor records or those that suffer reversals deemed likely to be permanent are avoided regardless of how "cheap" their shares may appear.

Investors in search of unrealistically high returns or quick profits, or to whom quarterly performance is important, should not invest in the Fund.

The Fund's investment approach may be changed without shareholder approval. However, the Manager has been steadfastly committed to the existing approach for over 40 years and foresees no change going forward.

Principal Risks of Investing in the Fund

The Fund's investors face the risk that the Manager's business analyses prove faulty. If the fundamental prospects of a number of large holdings are misjudged, shareholders may suffer losses even during a time when the values of the general market and many other mutual funds are rising. Beyond that possibility, there is always a risk that money may be lost on any equity mutual fund, including the Fund. This stems from the fact that stock prices fluctuate daily - sometimes widely - in response to many factors such as changes to the outlook for company-specific and industry-wide fundamentals, the direction of the economy, interest rates and inflation. Investors that sell, whether through need or choice after prices have fallen, obviously will realize less, and depending upon the original cost of their shares, may suffer a loss.

MORE INFORMATION ABOUT FUND MANAGEMENT

The Fund's investment manager is Torray LLC, 7501 Wisconsin Avenue, Suite 750W, Bethesda, Maryland 20814. Robert E. Torray is the Founder and Chairman of the Manager. Mr. Torray was also President of The Torray Corporation, a mutual fund manager that he founded in 1990, and the Chairman of Robert E. Torray & Co. Inc., a manager of large institutional portfolios that he founded on May 1, 1972. Each of these entities has been consolidated into the Manager. Today, the Manager offers investment management services to individuals, institutions and other investment companies. Shawn M. Hendon, President of the Manager, serves as co-manager of the Fund with Mr. Torray, and they share the same responsibilities for the day-to-day

management of the Fund's investment portfolio. Mr. Hendon is a critical member of the Manager's research and portfolio management team. He previously served as co-portfolio manager of the Fund with Mr. Torray from 2008-2012. Mr. Hendon rejoined the Manager's portfolio management team and was named as co-portfolio manager of the Fund effective January 1, 2017. Prior to joining Torray LLC in 2008, Mr. Hendon was co-founder and Partner of Rockledge Partners (from 2004 to 2007) and Managing Director and Portfolio Manager for Lockheed Martin Investment Management Company (from 1979 to 2003). In 2012, he founded Harewood Partners, LLC, and has served as Managing Partner of that firm since its inception. Mr. Hendon received a BA degree from Georgetown University (1973), and an MBA from the George Washington University (1976). He also holds the designation of Chartered Financial Analyst. Additional information about the portfolio managers' compensation, other accounts they manage, and their ownership of securities in the Fund is available in the Fund's Statement of Additional Information.

Subject to the oversight of the Board of Trustees of the Fund, the Manager provides investment advice and portfolio management services and oversees the administration of the Fund. The Manager received 1.00% of the Fund's average daily net assets as compensation for these services for the fiscal year ended December 31, 2019. A discussion regarding the basis for the Board of Trustees approving the investment advisory contract of the Fund is available in the Fund's Annual Report to Shareholders for the year ended December 31, 2019.

Fund Expenses

The Fund is responsible for its own operating expenses. Pursuant to an Operating Expenses Limitation Agreement between the Manager and the Trust, on behalf of the Fund (the "Agreement"), the Manager has agreed to waive its management fee and reimburse the Fund for its current Operating Expenses so as to limit the Fund's current Operating Expenses to an annual rate, expressed as a percentage of the Fund's average annual net assets, to 1.00% (the "Expense Cap"). For purposes of the Agreement, the term "Operating Expenses" includes the Manager's management fee and other expenses necessary or appropriate for the operation of the Fund, but excludes any front-end or contingent deferred loads, taxes, leverage, interest, brokerage commissions, acquired fund fees and expenses, trustee fees and expenses, auditor fees and expenses, legal fees and expenses, insurance costs, registration and filing fees, printing, postage and mailing expenses, expenses incurred in connection with any merger or reorganization, or extraordinary expenses such as litigation. Fees waived and expenses paid by the Manager are not eligible for recoupment. The Agreement will remain in effect until April 30, 2021. The Expense Cap may only be raised or eliminated with the consent of the Board of Trustees. As a result of the Operating Expenses Limitation Agreement between the Trust and the Manager during the Fund's last fiscal year, the Manager was effectively paid a management fee of 0.91% of the Fund's average daily net assets for the fiscal year ending December 31, 2019. A discussion regarding the basis of the Board's approval of the Management Agreement is available in the Fund's annual report to shareholders for the period ending December 31, 2019.

MORE INFORMATION ABOUT PURCHASING AND REDEEMING SHARES

Pricing Fund Shares

Orders to buy or redeem shares that are received in good order prior to the close of the Fund (generally 4:00 p.m. Eastern time) will be processed at the net asset value calculated that day. The Fund's net asset value ("NAV") is calculated by dividing the Fund's net assets by the number of shares outstanding after the New York Stock Exchange ("NYSE") closes for the day.

The Fund uses market quotes that are readily available to value its securities. In cases where quotes are not readily available, such as with respect to restricted securities, private placements or other types of illiquid securities, the securities will be valued using fair value guidelines approved by the Fund's Board of Trustees.

How To Buy Shares

You may buy shares of the Fund on a no-load basis on any day that the NYSE is open.

All checks must be in U.S. Dollars drawn on a domestic bank. The Fund will not accept payment in cash or money orders. The Fund does not accept post-dated checks or any conditional order or payment. To prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler's checks or starter checks for the purchase of shares.

Shares of the Fund have not been registered for sale outside of the United States. The Torray Fund generally does not sell shares to investors residing outside the United States, even if they are United States citizens or lawful permanent residents, except to investors with United States military APO or FPO addresses.

The transfer agent will charge a \$25 fee against a shareholder's account, in addition to any loss sustained by the Fund, for any payment that is returned. It is the policy of the Fund not to accept applications under certain circumstances or in amounts considered disadvantageous to shareholders. The Fund reserves the right to reject any application.

The minimum initial purchase is \$2,000. You should send your check payable to "The Torray Fund" with a completed account application to the Fund's transfer agent:

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at U.S. Bank Global Fund Services post office box, of purchase orders or redemption requests does not constitute receipt by the transfer agent of the Fund. Receipt of purchase orders or redemption requests is based on when the order is received at the Transfer Agent's offices.

Additional purchases can be made for \$500 or more and should be sent to the applicable address above. Please remember to include your account number on your check.

You may purchase shares of the Fund through an intermediary, such as an investment representative or a broker-dealer, who may charge additional fees and may require higher minimum investments or impose other limitations on buying and selling shares. If you purchase shares through an intermediary, that party is responsible for transmitting orders by close of business and may have an earlier cut-off time for purchase and sale requests. Purchase and redemption orders placed through an intermediary will be deemed to have been received and accepted by the Fund when the intermediary accepts the order. Customer orders will be priced at the Fund's NAV next computed after they are accepted by an authorized broker or the broker's

authorized designee. Intermediaries may also designate other intermediaries to accept purchase and redemption orders on the Fund's behalf. Consult your investment representative for specific information.

Initial Investment – By Wire

If you are making your first investment in the Fund, before you wire funds, the transfer agent must have a completed account application. You may mail or overnight deliver your account application to the transfer agent. Upon receipt of your completed application, the transfer agent will establish an account for you. The account number assigned will be required as part of the instruction that should be provided to your bank to send the wire. Your bank must include the name of the Fund you are purchasing, the account number, and your name so that monies can be correctly applied. Your bank should transmit Funds by wire to:

For Subsequent Investments – Telephone Purchases

Subject to the conditions described below, investors may purchase additional shares of the Fund by calling 1-800-626-9769. If you elected this option on your account application, and your account has been open for at least 7 business days, telephone orders will be accepted via electronic funds transfer from your bank account through the Automated Clearing House (ACH) network. This option is offered to shareholders whose accounts are held directly with the Fund. (Please speak with your Financial Intermediary if your account is held elsewhere.) You must have banking information established on your account prior to making a purchase. If your order is received prior to 4:00 p.m. Eastern time, your shares will be purchased at the net asset value calculated on the day your order is placed.

For Subsequent Investments – By Wire

Before sending your wire, please contact the transfer agent at 1-800-626-9769 to advise them of your intent to wire funds. This will ensure prompt and accurate credit upon receipt of your wire.

Wired funds must be received prior to 4:00 pm Eastern time to be eligible for same day pricing. The Fund and U.S. Bank, N.A., the Fund's custodian, are not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system, or from incomplete wiring instructions.

For Subsequent Investments – By Electronic Transfer Online

Subject to the conditions described below, and if you elected this option on your account application, and your account has been open for at least 7 business days, you may purchase additional shares of the Fund through the Fund's investor portal, a link to which can be found on the Fund's website at

<https://funds.torray.com>. This option is offered to shareholders whose accounts are held directly with the Fund. (Please speak with your Financial Intermediary if your account is held elsewhere.) Electronic orders will be accepted via electronic funds transfer from your bank account through the Automated Clearing House (ACH) network. You must have banking information established on your account prior to making an online purchase. If your order is received prior to 4:00 p.m. Eastern time, your shares will be purchased at the net asset value calculated on the day your order is placed.

Automatic Investment Plan

Once an account has been opened with the initial minimum investment you may make additional purchases at regular intervals through the Automatic Investment Plan. This Plan provides a convenient method to have monies deducted from your bank account, for investment into the Fund, on a monthly, bi-monthly, or quarterly basis. In order to participate in the Plan, each purchase must be in the amount of \$500 or more, and your financial institution must be a member of the Automated Clearing House (ACH) network. If your bank rejects your payment, the Fund's transfer agent will charge a \$25 fee to your account. To begin participating in the Plan, please complete the Automatic Investment Plan section on the account application or call the Fund's transfer agent at 1-800-626-9769 for instructions. Any request to change or terminate your automatic Investment Plan should be submitted to the transfer agent at least 5 days prior to the desired effective date.

How To Redeem Shares

You may redeem your shares either in writing or if you elected the telephone redemption privilege on your application, by telephone or through the online investor portal, a link to which can be found on the Fund's website at <https://funds.torray.com>. The online redemption maximum is \$100,000. Your written redemption request must include: (1) the name of the Fund, (2) the number of shares or dollar amount to be redeemed, (3) the account number and (4) signatures by all of the shareholders whose names appear on the account registration with a signature guarantee, if applicable. You should submit your written redemption request directly to:

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at U.S. Bank Global Fund Services post office box, of purchase orders or redemption requests does not constitute receipt by the transfer agent of the Fund. Receipt of purchase orders or redemption requests is based on when the order is received at the Transfer Agent's offices.

Under normal circumstances, the Fund expects to meet redemption requests through the sale of investments held in cash or cash equivalents. The Fund may also choose to sell portfolio assets for the purpose of meeting such requests. The Fund further reserves the right to distribute "in kind" securities from the Fund's portfolio in lieu (in whole or in part) of cash under certain circumstances, including under stressed market conditions.

If your account is held in the name of a corporation, as a fiduciary or agent, or as a surviving joint owner, you may be required to provide additional documents with your redemption request.

If your address of record has changed within the last 30 calendar days of receipt of your redemption request, you will be required to obtain a signature guarantee. See “Redemptions Requiring a Signature Guarantee” on page 11.

The Fund and the transfer agent reserve the right to refuse any telephone transaction when they are unable to confirm to their satisfaction that a caller is the account owner, or a person authorized by the account owner. Neither the Fund nor any of its service contractors will be liable for any loss or expense in acting upon telephone instructions that are reasonably believed to be genuine. The telephone transaction privilege may be suspended, limited, modified or terminated at any time without prior notice by the Fund or U.S. Bancorp Fund Services, LLC.

To redeem by telephone, you can call 1-800-626-9769.

Please remember that all redemption requests must include your name and account number. The Fund typically sends the redemption proceeds on the next business day (a day when the NYSE is open for normal business) after the redemption request is received in good order and prior to market close, regardless of whether the redemption proceeds are sent via check, wire, or automated clearing house (ACH) transfer. Under unusual circumstances, the Fund may suspend redemptions, or postpone payment for up to seven days, as permitted by federal securities law. If you redeem by wire transfer, the Fund’s transfer agent charges a fee (currently \$15) for each wire redemption. If you are redeeming shares that were recently purchased by check or electronic funds transfer through the ACH network, the proceeds may be delayed until the payment for purchase clears; this may take up to 15 calendar days from the date of purchase. This delay will not apply if you purchased your shares via wire payment.

Shareholders who have an IRA or other tax-advantaged retirement plans may redeem their shares by writing to the Fund or, if you elected this option on your account application, by telephone. Redeeming shareholders must either complete and submit the Fund’s IRA/Qualified Plan Distribution Request Form, available on the Fund’s website at <https://funds.torray.com>, or must otherwise indicate on their written redemption request whether or not to withhold federal income tax. Redemption requests failing to indicate an election not to have tax withheld will generally be subject to 10% withholding. Shares held in IRA or other tax-advantaged retirement plan accounts may also be redeemed by telephone at 1-800-626-9769. Investors will be asked whether or not to withhold taxes from any distribution. Shares held in IRA or other tax-advantaged retirement plan accounts may not be redeemed through the online investor portal; however, you can visit the Fund’s website to obtain the IRA/Qualified Plan Distribution Request Form.

For those set up to redeem online, log in to your existing investor portal account, a link to which can be found on the Fund’s website at <https://funds.torray.com>.

Redemption in Kind

It is currently the Fund’s policy to pay all redemptions in cash. The Fund retains the right, however, to alter this policy to provide for redemptions in whole or in part by a distribution in-kind of securities held by the Fund in lieu of cash. Distribution in-kind redemptions are taxable to shareholders in the same manner as cash redemptions. Shareholders may incur brokerage charges on the sale of any such securities so received in payment of redemptions.

Systematic Withdrawal Plan

You can also redeem shares automatically on a monthly, quarterly, semi-annual or annual basis via a Systematic Withdrawal Plan (“SWP”). To establish a SWP, an account must have a current market value of \$2,000 or more and should have dividends reinvested. The minimum amount of the systematic withdrawal is \$250. The systematic withdrawals can be sent by check to the address of record or to your bank via ACH provided the bank is an online member of ACH. Any check or ACH withdrawal will be sent the business day following the redemption date. You may establish this plan by completing the appropriate section on the Account Application or by calling 1-800-626-9769 for instructions. Any request to change or terminate your SWP should be submitted to the transfer agent at least 5 days prior to the desired effective date.

Redemptions Requiring a Signature Guarantee

Signature guarantees will generally be accepted from domestic banks, brokers, dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations, as well as from participants in the New York Stock Exchange Medallion Signature Program and the Securities Transfer Agents Medallion Program (“STAMP”). A notary public is not an acceptable signature guarantor.

A signature guarantee, from either a Medallion program member or a non-Medallion program member, is required in the following situations:

- If ownership is being changed on your account;
- When redemption proceeds are payable or sent to any person, address or bank account not on record;
- If a change of address was received by the transfer agent within the 30 calendar days prior to the redemption request;
- For all redemptions in excess of \$100,000 from any shareholder account.

The Fund may waive any of the above requirements in certain instances, subject to the Fund receiving upon request another acceptable form of authentication from a financial institution source. In such instances, it is in the Fund’s sole discretion to determine whether such authentication is acceptable. In addition to the situations described above, the Fund and the transfer agent each reserve the right to require a signature guarantee in other instances based on the circumstances relative to the particular situation.

Non-financial transactions, including establishing or modifying certain services on an account, may require a signature guarantee, signature verification from a Signature Validation Program member, or other acceptable form of authentication from a financial institution source.

Additional Purchase and Redemption Information

The Fund reserves the following rights as they relate to purchases and redemptions:

- To redeem your shares if your account balance falls below \$2,000 as a result of redemptions and not market performance. You will receive 30 days’ notice to increase the value of your account to \$2,000 before the account is closed;
- To refuse any purchase order;
- To refuse third-party checks, starter checks or cash equivalents for purchases of shares;

- To change or waive the Fund's investment minimums;
- To suspend the right to redeem and delay redemption proceeds during times when trading on the NYSE is restricted or halted, or otherwise as permitted by the SEC;
- To require additional documentation or a medallion signature guarantee on any redemption request.

Shareholders should be aware that purchase and redemption requests mailed to the Manager's Maryland address will not be processed until the date that they are received by the Fund's transfer agent (generally the next business day) at the address noted under "How to Buy Shares", and that such transactions will be priced at the NAV determined as of that date in accordance with the procedures described under "Pricing of Shares". You can avoid delays by mailing requests for purchases and redemptions directly to the Fund's transfer agent.

Telephone trades must be received by or prior to market close. During periods of high market activity, shareholders may encounter higher than usual call waits. Please allow sufficient time to place your telephone transaction. Once a telephone transaction has been placed, it cannot be cancelled or modified after the close of regular trading on the NYSE (generally, 4:00 p.m., Eastern time).

Before executing an instruction received by telephone, the transfer agent will use reasonable procedures to confirm that the telephone instructions are genuine. The telephone call may be recorded, and the caller may be asked to verify certain personal identification information. If the Fund or its agents follow these procedures, they cannot be held liable for any loss, expense or cost arising out of any telephone redemption request that is reasonably believed to be genuine. This includes fraudulent or unauthorized requests. If an account has more than one owner or authorized person, the Fund will accept telephone instructions from any one owner or authorized person.

Online transactions are subject to the same purchase and redemption minimums and maximums as other transaction methods. You should be aware that there may be delays, malfunctions or other inconveniences associated with online transactions. There also may be times when the website is unavailable for Fund transactions or other purposes. Should this happen, you should consider performing transactions by another method.

The Fund employs procedures to confirm that online transactions are genuine. These procedures include passwords, encryption and other precautions reasonably designed to protect the integrity, confidentiality and security of shareholder information. In order to conduct transactions online, you will need your account number, username and password. The Funds and their service providers will not be liable for any loss, liability, cost or expense for following instructions communicated online, including fraudulent or unauthorized instructions.

You can decline telephone and internet buy or sell privileges on your New Account Application. If you have telephone/online privileges on your account and want to discontinue them, please contact Shareholder Services at 1-800-626-9769 for instructions. You may reinstate these privileges at any time in writing, including online registration with respect to Internet privileges.

Escheatment of Shares to State

It is important that the Fund maintain a correct address for each investor. An incorrect address may cause an investor's account statements and other mailings to be returned to the Fund. Based upon statutory requirements for returned mail, the Fund will attempt to locate the investor or rightful owner of the account. If the Fund is unable to locate the investor, then it will determine whether the investor's account can legally

be considered abandoned. The Fund is legally obligated to escheat (or transfer) abandoned property to the appropriate state's unclaimed property administrator in accordance with statutory requirements. The investor's last known address of record determines which state has jurisdiction. Investors with a state of residence in Texas have the ability to designate a representative to receive legislatively required unclaimed property due diligence notifications. Please contact the Texas Comptroller of Public Accounts for further information.

Frequent Trading Policy

The Fund is intended for long-term investors and not for those who wish to trade frequently in Fund shares. Frequent trading into and out of the Fund can have adverse consequences for the Fund and for long-term shareholders in the Fund. The Fund believes that frequent or excessive short-term trading activity by shareholders of the Fund may be detrimental to long-term shareholders because those activities may, among other things: (a) dilute the value of shares held by long-term shareholders; (b) cause the Fund to maintain larger cash positions than would otherwise be necessary; (c) increase brokerage commissions and related costs and expenses, and (d) incur additional tax liability. The Fund therefore discourages frequent purchases and redemptions by shareholders and it does not make any effort to accommodate this practice. To protect against such activity, the Board of Trustees has adopted policies and procedures that are intended to permit the Fund to curtail frequent or excessive short-term trading by shareholders. At the present time the Fund does not impose limits on the frequency of purchases and redemptions, nor does it limit the number of exchanges into the Fund. The Fund reserves the right, however, to impose certain limitations at any time with respect to trading in shares of the Fund, including suspending or terminating trading privileges in Fund shares, for any investor whom it believes has a history of abusive trading or whose trading, in the judgment of the Fund, has been or may be disruptive to the Fund. It may not be feasible for the Fund to prevent or detect every potential instance of abusive or excessive short-term trading.

Customer Identification Information

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify and record information that identifies each person that opens a new account, and to determine whether such person's name appears on government lists of known or suspected terrorists and terrorist organizations.

As a result, the Fund must obtain the following information for each person that opens a new account:

- Name;
- Date of birth (for individuals);
- Residential or business street address (although post office boxes are still permitted for mailing); and
- Social security number, taxpayer identification number, or other identifying number.

You may also be asked for a copy of your driver's license, passport or other identifying document in order to verify your identity. In addition, it may be necessary to verify your identity by cross-referencing your identification information with a consumer report or other electronic database. Additional information may be required to open accounts for corporations and other entities. If you are opening the account in the name of a legal entity (e.g., partnership, limited liability company, business trust, corporation, etc.), you must also supply the identity of the beneficial owners.

Federal law prohibits the Fund and other financial institutions from opening a new account unless they receive the minimum identifying information listed above. After an account is opened, the Fund may restrict your ability to purchase additional shares until your identity is verified. The Fund may close your account or take other appropriate action if it is unable to verify your identity within a reasonable time. If your account is closed for this reason, your shares will be redeemed at the NAV next calculated after the account is closed.

ACCOUNT STATEMENTS

The Fund provides you with:

- a confirmation statement after each transaction;
- an account statement reflecting your transactions for the calendar quarter;
- an account statement reflecting your annual transactions; and
- by February 15 of each year, certain tax information which is also filed with the Internal Revenue Service.

The Fund provides the above shareholder services without charge but may charge for special services such as requests for historical transcripts of accounts. You may also view your quarterly and annual statements through the Fund's investor login, a link to which can be found on the Fund's website at <https://funds.torray.com>.

HOUSEHOLDING

In an effort to decrease costs, the Fund intends to reduce the number of duplicate Prospectuses and Annual and Semi-Annual Reports you receive by sending only one copy of each to those addresses shared by two or more accounts and to shareholders that the transfer agent reasonably believes are from the same family or household. Once implemented, if you would like to discontinue householding for your accounts, please call toll-free at 1-800-626-9769 to request individual copies of these documents. Once the Fund receives notice to stop householding, we will begin sending individual copies thirty days after receiving your request. This householding policy does not apply to account statements, which will be sent to each shareholder separately.

DISCLOSURE OF FUND PORTFOLIO HOLDINGS

A complete list of the Fund's portfolio holdings is publicly available on a quarterly basis through applicable filings made with the SEC on Forms N-CSR and N-Q(or any successor form). Additional information is also available on the Fund's website at <https://funds.torray.com>. A description of the Fund's policies and procedures with respect to the disclosure of its portfolio securities is provided in the Statement of Additional Information.

TAXES AND DISTRIBUTIONS

The Fund declares and pays dividends quarterly and net capital gains, if any, at least annually. All distributions will be reinvested in shares of the Fund unless you elect on your account application to receive distributions in cash. You can change your distribution option by notifying the Fund's transfer agent, in writing or by telephone, prior to the date of distribution. Your choice will be effective for distributions paid after the Fund receives your notice at least five days prior to the record date of the next distribution.

If you elect to receive distributions and/or capital gains paid in cash, and the U.S. Postal Service cannot deliver the check, or if a check remains outstanding for six months, the Fund reserves the right to reinvest the distribution check in your account, at the Fund's then current net asset value, and to reinvest all subsequent distributions.

The maximum tax rate for individual taxpayers applicable to long-term capital gains and income from certain qualifying dividends on certain corporate stock is generally either 15% or 20%, depending on whether the individual's income exceeds certain threshold amounts. In addition, the shareholder of the Fund only receives the benefit of the lower tax rates if both the Fund (with respect to the issuer whose stock is paying the dividend) and the shareholder (with respect to the holding of an interest in the Fund) satisfy a 60-day holding period. These tax rates do not apply to corporate shareholders.

An additional 3.8% Medicare tax will be imposed on certain net investment income (including ordinary dividends and capital gain distributions received from the Fund and net gains from redemptions or other taxable dispositions of Fund shares) of U.S. individuals, estates and trusts to the extent that such person's "modified adjusted gross income" (in the case of an individual) or "adjusted gross income" (in the case of an estate or trust) exceeds certain threshold amounts.

The Fund will distribute substantially all of its investment income and capital gains, if any. The dividends and distributions you receive may be subject to federal, state and local taxation, depending upon your tax situation. Capital gains distributions may be taxable at different rates depending on the length of time the Fund holds its securities. Short-term capital gains are taxed as ordinary income. Each redemption of Fund shares is a taxable event. The Fund will generally withhold 30% (or lower applicable treaty rate) on distributions made to shareholders who are not citizens or residents of the United States. You should consult a tax advisor regarding your investment in the Fund.

PAYMENTS TO THIRD PARTIES BY THE MANAGER

The Manager may, out of its own resources, and without additional direct cost to the Fund or its shareholders, provide compensation to certain financial intermediaries, such as broker-dealers and financial advisers, in connection with sales of shares of the Fund. This compensation is generally paid to those intermediaries that provide shareholder servicing, marketing support, broker education, and/or access to sales meetings, sales representatives and management representatives of the intermediary. Compensation may also be paid to intermediaries for inclusion of the Fund on a sales list, including a preferred or select sales list, or in other sales programs, or as an expense reimbursement in cases where the intermediary provides shareholder services to Fund shareholders.

Please be aware that the Fund may use brokers who sell shares of the Fund to effect portfolio transactions. The Fund does not consider the sale of Fund shares as a factor when selecting brokers to effect portfolio transactions. The Fund has adopted procedures which address these matters. You should note that if one mutual fund sponsor makes greater distribution assistance payments than another, your broker or financial adviser and his or her firm may have an incentive to recommend one fund complex over another.

FINANCIAL HIGHLIGHTS

The financial highlights table is intended to help you understand the Fund's financial performance for the past five years. Certain information reflects financial results for a single Fund share. The total returns in the table represent the rate of return that an investor would have earned or lost on an investment in the Fund (assuming reinvestment of all dividends and distributions). The information has been audited by BBD, LLP, whose report, along with the Fund's financial statements, is incorporated by reference into the Statement of Additional Information, which is available upon request.
