SUMMARY SECTION

Investment Objectives

The Turray Fund's (the "Fund") investment objectives are to build investor wealth over extended periods and to minimize shareholder capital gains tax liability by limiting the realization of long- and short-term gains.

Fees and Expenses of the Fund

This table describes the fees and expenses that you may pay if you buy, hold, and sell shares of the Fund. **You may pay other fees, such as brokerage commissions and other fees to financial intermediaries, which are not reflected in the tables and examples below.**

Shareholder Fees

(fees paid directly from your investment) None

Annual Fund Operating Expenses

(expenses that you pay each year as a percentage of the value of your investment)

Management Fees	0.85%
Other Expenses ⁽¹⁾	<u>0.12%</u>
Total Annual Fund Operating Expenses	0.97%
Fee Waiver and/or Expense Reimbursement ⁽²⁾	<u>-0.01%</u>
Total Annual Fund Operating Expenses after Fee Waiver and/or Expense Reimbursement ⁽²⁾	0.96%

- (1) Other Expenses includes Acquired Fund Fees and Expenses ("AFFE") of 0.01% which are indirect fees and expenses that the Fund incurs from investing in the shares of other mutual funds, including money market funds and exchange traded funds. Please note that the amount of Total Annual Fund Operating Expenses and Total Annual Fund Operating Expenses after Fee Waiver and/or Expense Reimbursement shown in the above table will differ from the "Financial Highlights" section of the Prospectus, which reflects the operating expenses of the Fund and does not include indirect expenses such as AFFE.
- (2) Turray Investment Partners LLC (the "Adviser") has contractually agreed to limit the amount of the Fund's total annual operating expenses (excluding AFFE, short sale dividend expenses, extraordinary items, interest expense or taxes) to 0.95% of the Fund's average daily net assets. This contractual limitation is in effect until December 31, 2025 and may not be terminated without the approval of the Board of Trustees (the "Board") of The RBB Fund Trust (the "Trust"). The Adviser is permitted to recoup any fees it has waived or deferred or expenses it has borne pursuant to an expense limitation agreement to the extent that the Fund's expenses (after any repayment is taken into account) do not exceed both of (i) the expense limitations that were in effect at the time of the waiver or reimbursement, and (ii) the current expense limitations. The Board must approve any recoupment payment made to the Adviser. The Fund will not be obligated to pay any such deferred fees and expenses more than three years after date on which the fees and expenses were waived or deferred.

Example

This example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then hold or redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year and that the Fund's operating expenses remain the same (taking into account the terms of the expense limitation agreement). Although your actual costs may be higher or lower, based on these assumptions your costs would be:

1 Year	3 Years	5 Years	10 Years
\$98	\$308	\$535	\$1,189

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. During the most recent fiscal period from January 1, 2023 through August 31, 2023, the Fund’s portfolio turnover rate was 9% of the average value of its portfolio. The Fund’s portfolio turnover rate is not annualized.

Principal Investment Approach

The Fund views common stock ownership as an investment in a business, and therefore invests for the long term, employing a value-oriented approach to security selection. In this approach, the Fund utilizes a variety of quantitative and qualitative methods to determine a range of values for prospective and current investments. The Fund seeks to invest in securities when it believes valuations are modest relative to earnings, cash flow or asset values. The Fund invests principally in common stock of large capitalization domestic companies (defined as market capitalizations in excess of \$8 billion) that have demonstrated records of operating profitability, including growth in net income and cash flow through business cycles; conservative financial structures, characterized by modest levels of debt relative to assets, market capitalization and cash flow; and shareholder-oriented management, with a history of prudent capital allocation, candid reporting to shareholders and insider ownership. Information relative to these items is found in company SEC filings, annual reports, conversations with management and industry reports. Investments are held as long as the issuers’ fundamentals remain intact, and the Fund believes issuers’ shares are reasonably valued.

Ordinarily, 90% or more of the Fund’s assets will be invested in common stocks to the extent the Fund can identify common stocks which satisfy its selection criteria, with the balance held in U.S. Treasury securities or other cash equivalents. Although the number of holdings may vary, the Fund usually holds between 25 and 40 stocks, with positions in individual issuers generally ranging between 2% and 4% of the Fund’s assets. Generally, positions in individual issuers will not exceed 5% of Fund assets. The Fund currently expects to invest a significant portion of its assets in the Financials sector. However, the Fund will not invest in excess of 25% of its assets in any one industry or group of industries.

Principal Risks of Investing in the Fund

Risk is inherent in all investing. The value of your investment in the Fund, as well as the amount of return you receive on your investment, may fluctuate significantly from day to day and over time. You may lose part or all of your investment in the Fund or your investment may not perform as well as other similar investments. The Fund’s principal risks are presented in alphabetical order to facilitate finding particular risks and comparing them with other funds. Each risk summarized below is considered a “principal risk” of investing in the Fund, regardless of the order in which it appears. Different risks may be more significant at different times depending on market conditions or other factors. An investment in the Fund is not a deposit in a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency.

Equity Securities Risk. The Fund expects to invest in, or have exposure to, equity securities. Equity securities tend to be more volatile than other investment choices, such as debt and money market instruments. The value of your investment may decrease in response to overall stock market movements or the value of individual securities.

Large Companies Risk. The securities of large-capitalization companies may be relatively mature compared to smaller companies and therefore subject to slower growth during times of economic expansion. Large-capitalization companies may also be unable to respond quickly to new competitive challenges, such as changes in technology and consumer tastes.

Management Risk. All investments are subject to risks, and an investment in the Fund is no exception. Accordingly, you may lose money by investing in the Fund and investors face the risk that the Adviser’s business analyses prove faulty.

Market Risk. The value of the Fund’s investments will fluctuate as markets fluctuate and could decline over short- or long-term periods, sometimes rapidly and unpredictably. Markets for securities in which the Fund invests may decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments that may cause broad changes in market value, public perceptions concerning these developments, and adverse investor sentiment or publicity. In addition, extraordinary events outside the control of the Fund, including acts of God (e.g., fire, flood, earthquake, storm, hurricane or other natural disaster), acts of war and terrorist activities, and global health events, such as epidemics, pandemics and disease, and their related social and economic impacts, may cause significant adverse market conditions and result in losses in value to the Fund’s investments.

Sector Risk. The securities of companies in the same or related businesses (“industry sectors”), if comprising a significant portion of the Fund’s portfolio, may in some circumstances react negatively to market conditions, interest rates and economic, regulatory or financial developments and adversely affect the value of the portfolio to a greater extent than if such securities comprised a lesser portion of the Fund’s portfolio or the Fund’s portfolio was diversified across a greater number of industry sectors. Some industry sectors have particular risks that may not affect other sectors. The Fund may focus its investments in the following sector(s):

Financial Sector Risk. The Fund may invest in companies in the financial sector, and therefore the performance of the Fund could be negatively impacted by events affecting this sector. This sector can be significantly affected by changes in interest rates, government regulation, the rate of defaults on corporate, consumer and government debt, and the availability and cost of capital.

Share Ownership Risk. To the extent that a significant portion of the Fund’s shares are held by a limited number of shareholders or their affiliates, there is a risk that the share trading activities of these shareholders could disrupt the Fund’s investment strategies, which could have adverse consequences for the Fund and other shareholders (e.g., by requiring the Fund to sell investments at inopportune times or causing the Fund to maintain larger-than-expected cash positions pending acquisition of investments).

Value-Style Investment Risk. The Fund’s value investments are subject to the risk that their intrinsic values may not be recognized by the broad market or that their prices may decline.

Performance Information

The Fund was reorganized following the close of business on December 9, 2022, to acquire the assets and liabilities of the Torray Fund (the “Predecessor Fund”), a series of The Torray Fund, in exchange for shares of the Fund. Accordingly, the Fund is the successor to the Predecessor Fund, and the following performance information shown prior to December 12, 2022, is that of the Predecessor Fund. The Fund has an investment objective, strategies and policies substantially similar to the Predecessor Fund, which was also advised by the Adviser.

Below is a bar chart and performance table that provides some indication of the risks of investing in the Fund. The bar chart illustrates how the Fund’s annual total returns have varied from year to year. The performance table provides the Fund’s average annual total returns both on a before-tax and an after-tax basis and compares the Fund’s performance against the performance of unmanaged market indices. It is important to remember that the Fund’s past performance (both before and after taxes) does not indicate how the Fund will perform in the future. Updated performance information may be obtained on the Fund’s website (<https://funds.torray.com/fund-performance/>).

Annual Total Returns (%) as of 12/31

During the period covered by this bar chart, the Fund’s highest return for a calendar quarter was 17.27% in the fourth quarter of 2020, and the lowest return for a calendar quarter was -26.40% in the first quarter of 2020.

The Fund’s year-to-date total return as of September 30, 2023, was 3.19%.

Average Annual Total Returns
(For the periods ended December 31, 2022)

	1 Year	5 Years	10 Years	Since Inception December 31, 1990
Torray Fund				
Return Before Taxes	-0.98%	4.66%	8.98%	9.28%
Return After Taxes on Distributions	-3.24%	3.20%	7.65%	8.30%
Return After Taxes on Distributions and Sale of Fund Shares	1.05%	3.49%	7.15%	7.98%
Morningstar US Large-Mid Cap Broad Value Index*				
(reflects no deduction for fees, expenses, or taxes) . . .	-6.93%	8.04%	11.50%	—
S&P 500 Total Return Index* (reflects no deduction for fees, expenses, or taxes)				
	-18.11%	9.42%	12.56%	10.18%

* The Morningstar US Large-Mid Cap Broad Value Index is designed to provide comprehensive, consistent representation of the large-mid cap value segment of the US equity market. The S&P 500 Total Return Index measures the performance of 500 large-capitalization U.S. companies. These indexes are unmanaged and do not reflect the fees and expenses typically incurred by mutual funds. Results include reinvested dividends.

After-tax returns are calculated using the historically highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on the investor's tax situation and may differ from those shown. In certain cases, the figure representing "Return after Taxes on Distributions and Sale of Fund Shares" may be higher than the other return figures for the same period, since a higher after-tax return results when a capital loss occurs upon redemption and provides an assumed tax deduction that benefits the investor. The after-tax returns shown are not relevant to investors who hold their Fund shares through tax-deferred arrangements such as 401(k) plans or individual retirement accounts.

Investment Adviser

The Fund's investment manager is Torray Investment Partners LLC.

Portfolio Managers

Mr. Shawn M. Hendon, President of the Adviser, serves as co-portfolio manager of the Fund along with Mr. Jeffrey D. Lent. Mr. Hendon has served as co-portfolio manager of the Fund and the Predecessor Fund since 2017. Mr. Hendon previously also served as co-portfolio manager of the Predecessor Fund from 2008-2012. Mr. Lent has served as co-portfolio manager of the Fund and the Predecessor Fund since 2020.

Purchasing and Selling Fund Shares

To purchase shares of the Fund for the first time, you must invest \$2,000. Additional purchases can be made for \$500 or more. The Fund has the discretion to further modify, waiver or reduce the above investment minimum requirements. Shares of the Fund may be available through certain brokerage firms, financial institutions and other industry professionals (collectively, "Service Organizations").

You may purchase and sell shares on any day that the New York Stock Exchange is open.

You may sell Fund shares through your financial intermediary or by contacting the Fund: (i) by telephone at 1-800-626-9769; or (ii) in writing c/o U.S. Bank Global Fund Services, P.O. Box 701, Milwaukee, WI 53201-0701.

For more information about purchasing and redeeming Fund shares, see the section entitled "More Information About Purchasing and Redeeming Shares."

Tax Information

The Fund intends to make distributions that will be taxed as ordinary income or capital gains unless you are a tax-exempt organization or are investing through a tax-advantaged arrangement such as a 401(k) plan or Individual Retirement Account. Distributions on investments made through such tax-advantaged arrangements may be taxed later upon withdrawal of assets from those accounts.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase and/or hold Fund shares through a broker-dealer or other financial intermediary, the Fund and/or the Adviser may pay the intermediary for facilitating the sale of Fund shares and/or for shareholder services that the intermediary provides. These payments have the potential to create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

MORE INFORMATION ABOUT INVESTMENT OBJECTIVES, APPROACH AND RISKS

Investment Objectives

As noted earlier, the Fund's investment objectives are to build investor wealth over extended periods and to minimize shareholder capital gains tax liability by limiting the realization of long- and short-term gains. The Fund's investment objectives may be changed without shareholder approval. Shareholders will be provided with prior written notice of any changes to the Fund's investment objectives.

There is no guarantee that these objectives will be achieved.

Investment Process

The Adviser's primary focus is on business analysis. The Fund invests principally in common stock of large-capitalization domestic companies that generally have demonstrated records of profitability, conservative financial structures, and shareholder-oriented management. The Fund seeks to invest in such companies when it believes that valuations are modest relative to earnings, cash flow or asset values. A company's historical record is central to valuation, and the Adviser seeks to identify companies whose managements are good stewards of capital, focus on profitability and growth in per share value, and are candid in reporting to shareholders. Companies with successful track records that have fallen from investor favor can be of interest if the Adviser determines the cause or causes of investor disaffection are temporary and that the share prices fail to reflect the Adviser's assessment of their intrinsic value. However, companies with poor records or those that suffer reversals deemed likely to be permanent are avoided regardless of how "cheap" their shares may appear. Positions may be reduced or sold if (a) a superior investment opportunity is identified, (b) a company's fundamentals are deteriorating to the point where the original investment thesis for owning the stock is no longer intact, or (c) the investment has become significantly overvalued. The Fund currently expects to invest a significant portion of its assets in the Financials sector.

Principal Risks of Investing in the Fund

Equity Securities Risk. The Fund expects to invest in, or have exposure to, equity securities. Equity securities tend to be more volatile than other investment choices, such as debt and money market instruments. The value of your investment may decrease in response to overall stock market movements or the value of individual securities. The Fund's investments in equity securities may subject the Fund to volatility and the following risks: prices of stock may fall over short or extended periods of time; cyclical movements of the equity market may cause the value of the Fund's securities to fluctuate drastically from day to day; and individual companies may report poor results or be negatively affected by industry and or economic trends and developments.

Large Companies Risk. The securities of large-capitalization companies may be relatively mature compared to smaller companies and therefore subject to slower growth during times of economic expansion. Large-capitalization companies may also be unable to respond quickly to new competitive challenges, such as changes in technology and consumer tastes. Furthermore, large-capitalization companies are sometimes unable to attain the high growth rates of successful, smaller companies, especially during extended periods of economic expansion.

Management Risk. All investments are subject to risks, and an investment in the Fund is no exception. Accordingly, you may lose money by investing in the Fund and investors face the risk that the Adviser's business analyses prove faulty. The Fund is actively managed and its performance may reflect the Adviser's ability to make decisions which are suited to achieving the Fund's investment objectives. As a result, the Fund could underperform other mutual funds with similar investment objectives.

Market Risk. The value of the Fund's investments will fluctuate as markets fluctuate and could decline over short- or long-term periods, sometimes rapidly and unpredictably. Markets for securities in which the Fund invests may decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments that may cause broad changes in market value, public perceptions concerning these developments, and adverse investor sentiment or publicity. In addition, extraordinary events outside the control of the Fund, including acts of God (e.g., fire, flood, earthquake, storm, hurricane or other natural disaster), acts of war and terrorist activities, and global health events, such as epidemics, pandemics and disease, and their related social and economic impacts, may cause significant adverse market conditions and result in losses in value to the Fund's investments.

The outbreak of COVID-19 has resulted in enhanced health screenings, cancellations, disrupted supply chains and customer activity, and has produced general concern and uncertainty. The impact of this coronavirus, and other epidemics and pandemics that may arise in the future, could affect national and global economies, individual companies and the market in general in a manner that cannot be foreseen at the present time. Health crises caused by the recent outbreak may heighten other pre-existing political, social and economic risks in a country or region. In the event of a pandemic or an outbreak, there can be no assurance that the Fund and its service providers will be able to maintain normal business operations for an extended period of time or will not lose the services of key personnel on a temporary or long-term basis due to illness or other reasons. Although vaccines for COVID-19 are widely available, the full impacts of a pandemic or disease outbreaks are unknown and the pace of recovery may vary from market to market, resulting in a high degree of uncertainty for potentially extended periods of time.

Sector Risk. The securities of companies in the same or related businesses (“industry sectors”), if comprising a significant portion of the Fund’s portfolio, may in some circumstances react negatively to market conditions, interest rates and economic, regulatory or financial developments and adversely affect the value of the portfolio to a greater extent than if such securities comprised a lesser portion of the Fund’s portfolio or the Fund’s portfolio was diversified across a greater number of industry sectors. Some industry sectors have particular risks that may not affect other sectors. The Fund may focus its investments in the following sector(s):

Financial Sector Risk. The Fund may invest in companies in the financial sector, and therefore the performance of the Fund could be negatively impacted by events affecting this sector. This sector can be significantly affected by changes in interest rates, government regulation, the rate of defaults on corporate, consumer and government debt, and the availability and cost of capital. These factors and events have had, and may continue to have, a significant negative impact on the valuations and stock prices of companies in this sector and have increased the volatility of investments in this sector. Certain events in the financial sector may cause an unusually high degree of volatility in the financial markets and cause certain financial services companies to incur large losses. Securities of financial services companies may experience a dramatic decline in value when such companies experience substantial declines in the valuations of their assets, take action to raise capital (such as the issuance of debt or equity securities), or cease operations. Credit losses resulting from financial difficulties of borrowers and financial losses associated with investment activities can negatively impact the sector.

Share Ownership Risk. To the extent that a significant portion of the Fund’s shares are held by a limited number of large shareholders or their affiliates, there is a risk that the share trading activities of these shareholders could disrupt the Fund’s investment strategies, which could have adverse consequences for the Fund and other shareholders (e.g., by requiring the Fund to sell investments at inopportune times or causing the Fund to maintain larger-than-expected cash positions pending acquisition of investments). These shareholders may redeem shares in substantial quantities or on a frequent basis, which may negatively impact the Fund’s performance, may increase realized capital gains, may accelerate the realization of taxable income to other shareholders and may potentially limit the use of available capital loss carryforwards or certain other losses to offset any future realized capital gains. Large shareholder redemption activity also may increase the Fund’s brokerage and other expenses.

Value-Style Investment Risk. The Fund’s value investments are subject to the risk that their intrinsic values may not be recognized by the broad market, that their prices may decline, or that a stock judged to be undervalued may actually be appropriately priced. The determination that a stock is undervalued is subjective; the market may not agree, and a stock’s price may not rise to what the Adviser believes is its full value. If the market does not consider the stock to be undervalued then the value of the Fund’s shares may decline, even if stock prices generally are rising.

MORE INFORMATION ABOUT FUND MANAGEMENT

The Fund’s investment manager is Torray Investment Partners LLC (formerly known as Torray LLC), 7501 Wisconsin Avenue, Suite 750W, Bethesda, Maryland 20814. The Adviser offers investment management services to individuals, institutions and investment companies. Shawn M. Hendon, President of the Adviser, serves as co-manager of the Fund with Jeffrey D. Lent, and they share the same responsibilities for the day-to-day management of the Fund’s investment portfolio.

Mr. Hendon is a Principal at the Adviser and is a critical member of the Adviser’s research and portfolio management team. He previously served as co-portfolio manager of the Predecessor Fund from 2008-2012, and again from January 1, 2017 through present, after re-joining the Adviser’s portfolio management team. Prior to joining the Adviser in 2008, Mr. Hendon was co-founder and Partner of Rockledge Partners (from 2004 to 2007) and Managing Director and

Portfolio Manager for Lockheed Martin Investment Management Company (from 1979 to 2003). In 2012, he founded Harewood Partners, LLC, and served as Managing Partner of that firm from 2012 to 2023. Mr. Hendon received a BA degree from Georgetown University (1973), and an MBA from the George Washington University (1976).

Mr. Lent is a Principal at the Adviser and serves as Portfolio Manager or Co-Portfolio Manager for all separate account strategies at Torray. He began his investment career in 1987 with Kemper Mutual Funds in Chicago, Illinois. Prior to joining Torray in 2010, he was an analyst and portfolio manager with Resolute Capital Management and a Vice President with Tucker Anthony, Inc., where he formed the Corporate Services Group. Mr. Lent received a BS from the University of New Hampshire in 1987. Additional information about the portfolio managers' compensation, other accounts they manage, and their ownership of shares in the Fund is available in the Statement of Additional Information ("SAI").

Subject to the oversight of the Board, the Adviser provides investment advice and portfolio management services and oversees the administration of the Fund. The Fund compensates the Adviser for its services at the annual rate of 0.85% of its average daily net assets, payable on a monthly basis in arrears.

A discussion regarding the basis for the Board's initial approval of the investment advisory contract of the Fund is available in the Annual Report to Shareholders dated December 31, 2022.

Fund Expenses

The Fund is responsible for its own operating expenses. Pursuant to an expense limitation and reimbursement agreement between the Adviser and the Trust, on behalf of the Fund (the "Agreement"), the Adviser has contractually agreed to waive all or a portion of its advisory fee and/or reimburse expenses in an aggregate amount equal to the amount by which the Total Annual Fund Operating Expenses (excluding certain items discussed below) for the Fund exceed 0.95% of the average daily net assets attributable to the Fund (the "Expense Cap"). In determining the Adviser's obligation to waive advisory fees and/or reimburse expenses, the following expenses are not taken into account and could cause net Total Annual Fund Operating Expenses to exceed 0.95%: acquired fund fees and expenses ("AFFE"), taxes, interest expense, dividends on securities sold short and extraordinary expenses.

The Agreement will remain in effect until December 31, 2025 and may not be terminated without the approval of the Board. If at any time the Fund's Total Annual Fund Operating Expenses (not including AFFE, short sale dividend expenses, extraordinary items, interest expense or taxes) for a year are less than 0.95% or the Expense Cap then in effect, whichever is less, the Adviser is entitled to reimbursement by the Fund of the advisory fees forgone and other payments remitted by the Adviser to the Fund within three years from the date on which such waiver or reimbursement was made, provided it is able to effect such recoupment without causing the Fund's expense ratio (after recoupment) to exceed (i) the expense limit in effect at the time of the waiver or reimbursement and (ii) the current expense limit in effect at the time of the recoupment. The Adviser was effectively paid an annualized management fee of 0.89% of the Fund and Predecessor Fund's average daily net assets for the fiscal year ended December 31, 2022, and an annualized management fee of 0.84% of the Fund and Predecessor Fund's average daily net assets for the fiscal period from January 1, 2023 to August 31, 2023.

MORE INFORMATION ABOUT PURCHASING AND REDEEMING SHARES

Pricing Fund Shares

Shares of the Fund are sold at their net asset value ("NAV"). The NAV per share of the Fund is calculated as follows:

$$\text{NAV} = \frac{\text{Value of Assets} - \text{Value of Liabilities}}{\text{Number of Outstanding Shares}}$$

The Fund's NAV is calculated once daily at the close of regular trading hours on the NYSE (generally 4:00 p.m. Eastern time) on each day the NYSE is open. The NYSE is generally open Monday through Friday, except national holidays. The NYSE also may be closed on national days of mourning or due to natural disaster or other extraordinary events or emergency. Fund shares will generally not be priced on any day the NYSE is closed. The Fund will effect purchases of Fund Shares at the NAV next determined after receipt by the transfer agent of your purchase order in good order as described below. The Fund will effect redemptions of Fund Shares at the NAV next calculated after

receipt by the transfer agent of your redemption request in good order as described below. If the Fund holds securities that are primarily listed on non-U.S. exchanges, the NAV of the Fund's shares may change on days when shareholders will not be able to purchase or redeem the Fund's shares.

If available, the Fund's investments in securities and other exchange traded assets are generally valued based on market quotations. If market quotations are unavailable or deemed unreliable securities will be valued by the Adviser, as valuation designee (the "Valuation Designee"), in accordance with procedures adopted by the Board and under the Board's ultimate supervision. The Fund will regularly value its investments in derivative instruments at fair value. The Fund may use independent pricing services to assist in calculating the value of the Fund's portfolio holdings. Relying on prices supplied by pricing services or dealers or using fair valuation involves the risk that the values used by the Fund to price its investments may be higher or lower than the values used by other investment companies and investors to price the same investments.

The Board has adopted a pricing and valuation policy for use by the Fund and its Valuation Designee in calculating the Fund's NAV. Pursuant to Rule 2a-5 under the 1940 Act, the Fund has designated the Adviser as its "Valuation Designee" to perform all of the fair value determinations as well as to perform all of the responsibilities that may be performed by the Valuation Designee in accordance with Rule 2a-5. The Valuation Designee is authorized to make all necessary determinations of the fair values of portfolio securities and other assets for which market quotations are not readily available or if it is deemed that the prices obtained from brokers and dealers or independent pricing services are unreliable.

How to Buy Shares

You may buy shares of the Fund on a no-load basis on any day that the NYSE is open.

All checks must be in U.S. Dollars drawn on a domestic bank. The Fund will not accept payment in cash or money orders. The Fund does not accept post-dated checks or any conditional order or payment. To prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler's checks or starter checks for the purchase of shares.

Shares of the Fund have not been registered for sale outside of the United States. The Fund generally does not sell shares to investors residing outside the United States, even if they are United States citizens or lawful permanent residents, except to investors with United States military APO or FPO addresses.

The transfer agent will charge a \$25 fee against a shareholder's account, in addition to any loss sustained by the Fund, for any payment that is returned. It is the policy of the Fund not to accept applications under certain circumstances or in amounts considered disadvantageous to shareholders. The Fund reserves the right to reject any application.

The minimum initial purchase is \$2,000. You should send your check payable to "Torrrey Fund" with a completed account application to the Fund's transfer agent:

Regular Mail Address

Torrrey Fund
c/o U.S. Bank Global Fund Services
P.O. Box 701
Milwaukee, WI 53201-0701

Courier Address

Torrrey Fund
c/o U.S. Bank Global Fund Services
615 East Michigan Street, 3rd Floor
Milwaukee, WI 53202-5207

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at U.S. Bank Global Fund Services post office box, of purchase orders or redemption requests does not constitute receipt by the transfer agent of the Fund. Receipt of purchase orders or redemption requests is based on when the order is received at the transfer agent's offices.

Additional purchases can be made for \$500 or more and should be sent to the applicable address above. Please remember to include your account number on your check.

Purchases Through Intermediaries. Shares of the Fund may also be available through certain Service Organizations. Certain features of the Fund, such as the initial and subsequent investment minimums and certain trading restrictions, may be modified or waived by Service Organizations. Service Organizations may impose minimum investment requirements. Service Organizations may also impose transaction or administrative charges or other direct fees, which charges and fees would not be imposed if Fund shares are purchased directly from the Trust. Therefore, you should contact the Service Organization acting on your behalf concerning the fees (if any) charged in connection

with a purchase or redemption of Shares and should read this Prospectus in light of the terms governing your accounts with the Service Organization. Service Organizations will be responsible for promptly transmitting client or customer purchase and redemption orders to the Trust in accordance with their agreements with the Trust or its agent and with clients or customers. Service Organizations or, if applicable, their designees that have entered into agreements with the Trust or its agent, may enter confirmed purchase orders on behalf of clients and customers, with payment to follow no later than the Trust's pricing on the following business day. If payment is not received by such time, the Service Organization could be held liable for resulting fees or losses. The Trust will be deemed to have received a purchase or redemption order when a Service Organization, or, if applicable, its authorized designee, accepts a purchase or redemption order in good order if the order is actually received by the Trust in good order not later than the next business morning. If a purchase order is not received by the Trust in good order, the transfer agent will contact the financial intermediary to determine the status of the purchase order. Orders received by the Trust in good order will be priced at the Fund's NAV next computed after such orders are deemed to have been received by the Service Organization or its authorized designee.

For administration, subaccounting, transfer agency and/or other services, the Adviser or its affiliates may pay Service Organizations and certain recordkeeping organizations a fee (the "Service Fee") based on the average annual NAV of accounts with the Trust maintained by such Service Organizations or recordkeepers. The Service Fee payable to any one Service Organization is determined based upon a number of factors, including the nature and quality of services provided, the operations processing requirements of the relationship and the standardized fee schedule of the Service Organization or recordkeeper.

In addition, the Fund may enter into agreements with Service Organizations pursuant to which the Fund will pay a Service Organization for networking, sub-transfer agency, sub-administration and/or sub-accounting services. These payments are generally based on either (1) a percentage of the average daily net assets of Fund shareholders serviced by the Service Organization or (2) a fixed dollar amount for each account serviced by the Service Organization. The aggregate amount of these payments may be substantial.

Initial Investment – By Wire

If you are making your first investment in the Fund, before you wire funds, the transfer agent must have a completed account application. You may mail or overnight deliver your account application to the transfer agent. Upon receipt of your completed application, the transfer agent will establish an account for you. The account number assigned will be required as part of the instruction that should be provided to your bank to send the wire. Your bank must include the name of the Fund you are purchasing, the account number, and your name so that monies can be correctly applied. Your bank should transmit Funds by wire to:

U.S. Bank, N.A.
777 East Wisconsin Avenue
Milwaukee, WI 53202
ABA #075000022
Credit:
U.S. Bancorp Fund Services, LLC
Account #112-952-137
Further Credit:
Torrax Fund
(shareholder registration)
(shareholder account number)

For Subsequent Investments – Telephone Purchases

Subject to the conditions described below, investors may purchase additional shares of the Fund by calling 1-800-626-9769. If you elected this option on your account application, and your account has been open for at least 7 business days, telephone orders will be accepted via electronic funds transfer from your bank account through the Automated Clearing House (ACH) network. This option is offered to shareholders whose accounts are held directly with the Fund. (Please speak with your Financial Intermediary if your account is held elsewhere.) You must have banking information established on your account prior to making a purchase. If your order is received prior to 4:00 p.m. Eastern time, your shares will be purchased at the net asset value calculated on the day your order is placed.

For Subsequent Investments – By Wire

Before sending your wire, please contact the transfer agent at 1-800-626-9769 to advise them of your intent to wire funds. This will ensure prompt and accurate credit upon receipt of your wire.

Wired funds must be received prior to 4:00 pm Eastern time to be eligible for same day pricing. The Fund and U.S. Bank, N.A., the Fund's custodian, are not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system, or from incomplete wiring instructions.

For Subsequent Investments – By Electronic Transfer Online

Subject to the conditions described below, and if you elected this option on your account application, and your account has been open for at least 7 business days, you may purchase additional shares of the Fund through the Fund's investor portal, a link to which can be found on the Fund's website at <https://funds.torray.com>. This option is offered to shareholders whose accounts are held directly with the Fund. (Please speak with your Financial Intermediary if your account is held elsewhere.) Electronic orders will be accepted via electronic funds transfer from your bank account through the Automated Clearing House (ACH) network. You must have banking information established on your account prior to making an online purchase. If your order is received prior to 4:00 p.m. Eastern time, your shares will be purchased at the net asset value calculated on the day your order is placed.

Automatic Investment Plan

Once an account has been opened with the initial minimum investment you may make additional purchases at regular intervals through the Automatic Investment Plan. This Plan provides a convenient method to have monies deducted from your bank account, for investment into the Fund, on a monthly, bi-monthly, or quarterly basis. In order to participate in the Plan, each purchase must be in the amount of \$500 or more, and your financial institution must be a member of the Automated Clearing House (ACH) network. If your bank rejects your payment, the Fund's transfer agent will charge a \$25 fee to your account. To begin participating in the Plan, please complete the Automatic Investment Plan section on the account application or call the Fund's transfer agent at 1-800-626-9769 for instructions. Any request to change or terminate your automatic Investment Plan should be submitted to the transfer agent at least 5 days prior to the desired effective date.

How to Redeem Shares

You may redeem your shares either in writing or if you elected the telephone redemption privilege on your application, by telephone or through the online investor portal, a link to which can be found on the Fund's website at <https://funds.torray.com>. The online redemption maximum is \$100,000. Your written redemption request must include: (1) the name of the Fund, (2) the number of shares or dollar amount to be redeemed, (3) the account number and (4) signatures by all of the shareholders whose names appear on the account registration with a signature guarantee, if applicable. You should submit your written redemption request directly to:

Regular Mail Address

Torray Fund
c/o U.S. Bank Global Fund Services
P.O. Box 701
Milwaukee, WI 53201-0701

Courier Address

Torray Fund
c/o U.S. Bank Global Fund Services
615 East Michigan Street, 3rd Floor
Milwaukee, WI 53202-5207

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at U.S. Bank Global Fund Services post office box, of purchase orders or redemption requests does not constitute receipt by the transfer agent of the Fund. Receipt of purchase orders or redemption requests is based on when the order is received at the transfer agent's offices.

Under normal circumstances, the Fund expects to meet redemption requests through the sale of investments held in cash or cash equivalents. The Fund may also choose to sell portfolio assets for the purpose of meeting such requests. The Fund further reserves the right to distribute "in kind" securities from the Fund's portfolio in lieu (in whole or in part) of cash under certain circumstances, including under stressed market conditions.

If your account is held in the name of a corporation, as a fiduciary or agent, or as a surviving joint owner, you may be required to provide additional documents with your redemption request.

If your address of record has changed within the last 30 calendar days of receipt of your redemption request, you will be required to obtain a signature guarantee. See the section entitled “Redemptions Requiring a Signature Guarantee.”

The Fund and the transfer agent reserve the right to refuse any telephone transaction when they are unable to confirm to their satisfaction that a caller is the account owner, or a person authorized by the account owner. Neither the Fund nor any of its service contractors will be liable for any loss or expense in acting upon telephone instructions that are reasonably believed to be genuine. The telephone transaction privilege may be suspended, limited, modified or terminated at any time without prior notice by the Fund or U.S. Bancorp Fund Services, LLC.

To redeem by telephone, you can call 1-800-626-9769.

Please remember that all redemption requests must include your name and account number. The Fund typically sends the redemption proceeds on the next business day (a day when the NYSE is open for normal business) after the redemption request is received in good order and prior to market close, regardless of whether the redemption proceeds are sent via check, wire, or automated clearing house (ACH) transfer. The Fund may suspend redemptions, or postpone payment for up to seven days, as permitted by federal securities law. If you redeem by wire transfer, the Fund’s transfer agent charges a fee (currently \$15) for each wire redemption. If you are redeeming shares that were recently purchased by check or electronic funds transfer through the ACH network, the proceeds may be delayed until the payment for purchase clears; this may take up to 15 calendar days from the date of purchase. This delay will not apply if you purchased your shares via wire payment.

Shareholders who have an IRA or other tax-advantaged retirement plans may redeem their shares by writing to the Fund or, if you elected this option on your account application, by telephone. Redeeming shareholders must either complete and submit the Fund’s IRA/Qualified Plan Distribution Request Form, available on the Fund’s website at <https://funds.torray.com>, or must otherwise indicate on their written redemption request whether or not to withhold federal income tax. Redemption requests failing to indicate an election not to have tax withheld will generally be subject to 10% withholding. Shares held in IRA or other tax-advantaged retirement plan accounts may also be redeemed by telephone at 1-800-626-9769. Investors will be asked whether or not to withhold taxes from any distribution. Shares held in IRA or other tax-advantaged retirement plan accounts may not be redeemed through the online investor portal; however, you can visit the Fund’s website to obtain the IRA/Qualified Plan Distribution Request Form.

For those set up to redeem online, log in to your existing investor portal account, a link to which can be found on the Fund’s website at <https://funds.torray.com>.

Redemption in Kind

It is currently the Fund’s policy to pay all redemptions in cash. The Fund retains the right, however, to alter this policy to provide for redemptions in whole or in part by a distribution in-kind of securities held by the Fund in lieu of cash. Distribution in-kind redemptions are taxable to shareholders in the same manner as cash redemptions, generally resulting in capital gain or loss subject to certain loss limitation rules. Shareholders may incur brokerage charges on the sale of any such securities so received in payment of redemptions, and will bear any market risks associated with such securities until they are converted into cash.

Systematic Withdrawal Plan

You can also redeem shares automatically on a monthly, quarterly, semi-annual or annual basis via a Systematic Withdrawal Plan (“SWP”). To establish a SWP, an account must have a current market value of \$2,000 or more and should have dividends reinvested. The minimum amount of the systematic withdrawal is \$250. The systematic withdrawals can be sent by check to the address of record or to your bank via ACH provided the bank is an online member of ACH. Any check or ACH withdrawal will be sent the business day following the redemption date. You may establish this plan by completing the appropriate section on the Account Application or by calling 1-800-626-9769 for instructions. Any request to change or terminate your SWP should be submitted to the transfer agent at least 5 days prior to the desired effective date.

Redemptions Requiring a Signature Guarantee

Signature guarantees will generally be accepted from domestic banks, brokers, dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations, as well as from participants in the New York Stock Exchange Medallion Signature Program and the Securities Transfer Agents Medallion Program (“STAMP”). A notary public is not an acceptable signature guarantor.

A signature guarantee, from either a Medallion program member or a non-Medallion program member, is required in the following situations:

- If ownership is being changed on your account;
- When redemption proceeds are payable or sent to any person, address or bank account not on record;
- If a change of address was received by the transfer agent within the 30 calendar days prior to the redemption request;
- For all redemptions in excess of \$100,000 from any shareholder account.

The Fund may waive any of the above requirements in certain instances, subject to the Fund receiving upon request another acceptable form of authentication from a financial institution source. In such instances, it is in the Fund's sole discretion to determine whether such authentication is acceptable. In addition to the situations described above, the Fund and the transfer agent each reserve the right to require a signature guarantee in other instances based on the circumstances relative to the particular situation.

Non-financial transactions, including establishing or modifying certain services on an account, may require a signature guarantee, signature verification from a Signature Validation Program member, or other acceptable form of authentication from a financial institution source.

Additional Purchase and Redemption Information

The Fund reserves the following rights as they relate to purchases and redemptions:

- To redeem your shares if your account balance falls below \$2,000 as a result of redemptions and not market performance. You will receive 30 days' notice to increase the value of your account to \$2,000 before the account is closed;
- To refuse any purchase order;
- To refuse third-party checks, starter checks or cash equivalents for purchases of shares;
- To change or waive the Fund's investment minimums;
- To suspend the right to redeem and delay redemption proceeds during times when trading on the NYSE is restricted or halted, or otherwise as permitted by the SEC;
- To require additional documentation or a medallion signature guarantee on any redemption request.

Shareholders should be aware that purchase and redemption requests mailed to the Adviser's Maryland address will not be processed until the date that they are received by the Fund's transfer agent (generally the next business day) at the address noted under "How to Buy Shares", and that such transactions will be priced at the NAV determined as of that date in accordance with the procedures described under "Pricing Fund Shares". You can avoid delays by mailing requests for purchases and redemptions directly to the Fund's transfer agent.

Telephone trades must be received by or prior to market close. During periods of high market activity, shareholders may encounter higher than usual call waits. Please allow sufficient time to place your telephone transaction. Once a telephone transaction has been placed, it cannot be cancelled or modified after the close of regular trading on the NYSE (generally, 4:00 p.m., Eastern time).

Before executing an instruction received by telephone, the transfer agent will use reasonable procedures to confirm that the telephone instructions are genuine. The telephone call may be recorded, and the caller may be asked to verify certain personal identification information. If the Fund or its agents follow these procedures, they cannot be held liable for any loss, expense or cost arising out of any telephone redemption request that is reasonably believed to be genuine. This includes fraudulent or unauthorized requests. If an account has more than one owner or authorized person, the Fund will accept telephone instructions from any one owner or authorized person.

Online transactions are subject to the same purchase and redemption minimums and maximums as other transaction methods. You should be aware that there may be delays, malfunctions or other inconveniences associated with online transactions. There also may be times when the website is unavailable for Fund transactions or other purposes. Should this happen, you should consider performing transactions by another method.

The Fund employs procedures to confirm that online transactions are genuine. These procedures include passwords, encryption and other precautions reasonably designed to protect the integrity, confidentiality and security of shareholder information. In order to conduct transactions online, you will need your account number, username and password. The Fund and its service providers will not be liable for any loss, liability, cost or expense for following instructions communicated online, including fraudulent or unauthorized instructions.

You can decline telephone and internet buy or sell privileges on your New Account Application. If you have telephone/online privileges on your account and want to discontinue them, please contact Shareholder Services at 1-800-626-9769 for instructions. You may reinstate these privileges at any time in writing, including online registration with respect to Internet privileges.

Lost Shareholder, Inactive Accounts and Unclaimed Property

It is important that the Fund maintain a correct address for each investor. An incorrect address may cause an investor's account statements and other mailings to be returned to the Fund. Based upon statutory requirements for returned mail, the Fund will attempt to locate the investor or rightful owner of the account. If the Fund is unable to locate the investor, then it will determine whether the investor's account can legally be considered abandoned. Your mutual fund account may be transferred to your state of residence if no activity occurs within your account during the "inactivity period" specified in your state's abandoned property laws. The Fund is legally obligated to escheat (or transfer) abandoned property to the appropriate state's unclaimed property administrator in accordance with statutory requirements. The investor's last known address of record determines which state has jurisdiction. Please proactively contact the transfer agent at 1-800-626-9769 (toll free) at least annually to ensure your account remains in active status.

Investors with a state of residence in Texas have the ability to designate a representative to receive legislatively required unclaimed property due diligence notifications. Please contact the Texas Comptroller of Public Accounts for further information. Please contact the transfer agent if you wish to complete a Texas Designation of Representative form.

Frequent Trading Policy

In accordance with the policy adopted by the Board, the Trust discourages and does not accommodate market timing and other excessive trading practices. Purchases should be made with a view to longer-term investment only. Excessive short-term (market timing) trading practices may disrupt portfolio management strategies, increase brokerage and administrative costs, harm Fund performance and result in dilution in the value of Fund Shares held by long-term shareholders. The Trust and the Adviser reserve the right to (i) reject a purchase or exchange order, (ii) delay payment of immediate cash redemption proceeds for up to seven calendar days, (iii) revoke a shareholder's privilege to purchase Fund shares (including exchanges), or (iv) limit the amount of any exchange involving the purchase of Fund shares. An investor may receive notice that their purchase order or exchange has been rejected after the day the order is placed or after acceptance by a financial intermediary. It is currently expected that a shareholder would receive notice that its purchase order or exchange has been rejected within 48 hours after such purchase order or exchange has been received by the Trust in good order. The Trust and the Adviser will not be liable for any loss resulting from rejected purchase orders. To minimize harm to the Trust and its shareholders (or the Adviser), the Trust (or the Adviser) will exercise its right if, in the Trust's (or the Adviser's) judgment, an investor has a history of excessive trading or if an investor's trading, in the judgment of the Trust (or the Adviser), has been or may be disruptive to the Fund. No waivers of the provisions of the policy established to detect and deter market timing and other excessive trading activity are permitted that would harm the Fund and its shareholders or would subordinate the interests of the Fund and its shareholders to those of the Adviser or any affiliated person or associated person of the Adviser.

Pursuant to the policy adopted by the Board, the Adviser has developed criteria that it uses to identify trading activity that may be excessive. The Adviser reviews on a regular, periodic basis available information related to the trading activity in the Fund in order to assess the likelihood that the Fund may be the target of excessive trading. As part of its excessive trading surveillance process, the Adviser, on a periodic basis, examines transactions that exceed certain monetary thresholds or numerical limits within a period of time. If, in its judgment, the Adviser detects excessive, short-term trading, it may reject or restrict a purchase request and may further seek to close an investor's account with the Fund. The Adviser may modify its surveillance procedures and criteria from time to time without prior notice regarding the detection of excessive trading or to address specific circumstances. The Adviser will apply the criteria in a manner that, in the its judgment, will be uniform.

There is no assurance that the Fund will be able to identify market timers, particularly if they are investing through intermediaries.

If necessary, the Trust may prohibit additional purchases of shares by a financial intermediary or by certain customers of the financial intermediary. Financial intermediaries may also monitor their customers' trading activities in the Fund. The criteria used by intermediaries to monitor for excessive trading may differ from the criteria used by the Trust. If a financial intermediary fails to enforce the Trust's excessive trading policies, the Trust may take certain actions, including terminating the relationship.

Customer Identification Information

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify and record information that identifies each person that opens a new account, and to determine whether such person's name appears on government lists of known or suspected terrorists and terrorist organizations.

As a result, the Fund must obtain the following information for each person that opens a new account:

- Name;
- Date of birth (for individuals);
- Residential or business street address (although post office boxes are still permitted for mailing); and
- Social security number, taxpayer identification number, or other identifying number.

You may also be asked for a copy of your driver's license, passport or other identifying document in order to verify your identity. In addition, it may be necessary to verify your identity by cross-referencing your identification information with a consumer report or other electronic database. Additional information may be required to open accounts for corporations and other entities. If you are opening the account in the name of a legal entity (e.g., partnership, limited liability company, business trust, corporation, etc.), you must also supply the identity of the beneficial owners.

Federal law prohibits the Fund and other financial institutions from opening a new account unless they receive the minimum identifying information listed above. After an account is opened, the Fund may restrict your ability to purchase additional shares until your identity is verified. The Fund may close your account or take other appropriate action if it is unable to verify your identity within a reasonable time. If your account is closed for this reason, your shares will be redeemed at the NAV next calculated after the account is closed.

ACCOUNT STATEMENTS

The Fund provides you with:

- a confirmation statement after each transaction;
- an account statement reflecting your transactions for the calendar quarter;
- an account statement reflecting your annual transactions; and
- by February 15 of each year, certain tax information which is also filed with the Internal Revenue Service.

The Fund provides the above shareholder services without charge but may charge for special services such as requests for historical transcripts of accounts. You may also view your quarterly and annual statements through the Fund's investor login, a link to which can be found on the Fund's website at <https://funds.torray.com>.

HOUSEHOLDING

In an effort to decrease costs, the Fund intends to reduce the number of duplicate Prospectuses you receive by sending only one copy of each to those addresses shared by two or more accounts and to shareholders that the transfer agent reasonably believes are from the same family or household. Once implemented, if you would like to discontinue householding for your accounts, please call toll-free at 1-800-626-9769 to request individual copies of

these documents. Once the Fund receives notice to stop householding, we will begin sending individual copies thirty days after receiving your request. This householding policy does not apply to account statements, which will be sent to each shareholder separately.

ELECTRONIC DELIVERY OF FINANCIAL REPORTS

Also in an effort to decrease costs, the Fund has elected under relevant SEC rules not to mail paper copies of annual and semiannual reports to all shareholders, but instead will mail a notice to all shareholders advising them that such reports are available online and identifying the website to access such reports. As required by such rules, the mailed notice will include instructions for how an investor can elect—at any time—to receive all future reports in paper, or request to receive particular reports in paper on an ad hoc basis.

DISCLOSURE OF FUND PORTFOLIO HOLDINGS

A complete list of the Fund's portfolio holdings is publicly available on a quarterly basis through applicable filings made with the SEC on Forms N-CSR and Part F of Form N-PORT. Additional information is also available on the Fund's website at <https://funds.torray.com>. A description of the Fund's policies and procedures with respect to the disclosure of its portfolio securities is provided in the SAI.

TAXES AND DISTRIBUTIONS

It is the Fund's policy to make distributions at least annually of all or substantially all of its net investment income and net realized capital gains (the excess of net long-term capital gain over net short-term capital loss), if any. Unless you elect to receive your distributions in cash, your ordinary income and capital gain distributions will be reinvested in additional shares of the same share class of the Fund at the NAV calculated as of the payment date. You can change your distribution option by notifying the Fund's transfer agent, in writing or by telephone, prior to the date of distribution. Your choice will be effective for distributions paid after the Fund receives your notice at least five days prior to the record date of the next distribution. The Fund pays distributions on a per-share basis. As a result, on the ex-dividend date of such a payment, the NAV of the Fund will be reduced by the amount of the payment.

The Fund may be required to withhold federal income tax at a rate of 24% (backup withholding) from dividend payments, distributions, and redemption proceeds if a shareholder fails to furnish the fund with his/her correct social security or tax identification number. The shareholder must certify that the number is correct and that he/she is not subject to backup withholding. The certification is included as part of the share purchase application form.

If you elect to receive distributions and/or capital gains paid in cash and the U.S. Postal Service cannot deliver the check, or if a check remains outstanding for 6 months, the Fund reserves the right to reinvest the distribution check in your account, at the Fund's current NAV, and to reinvest all subsequent distributions.

Taxes

The following is a summary of certain U.S. tax considerations relevant under current law, which may be subject to change in the future. The tax information in this Prospectus is provided as general information and more information about taxes is contained in the SAI. Except where otherwise indicated, the discussion relates to investors who are individual United States citizens or residents and domestic corporations and trusts. You should consult your own tax professional about the federal, state, local and/or foreign tax consequences of an investment in shares of the Fund.

Taxes on Distributions

For federal income tax purposes, distributions of net investment income are generally taxable as ordinary income or qualified dividend income. Taxes on distributions of capital gains are determined by how long the Fund owned the investments that generated them, rather than how long you owned your shares. Distributions of net capital gains (that is, the excess of net long-term capital gains from the sale of investments that the Fund owned for more than 12 months over net short-term capital losses) that are reported to shareholders by the Fund as capital gain dividends

will be taxable as long-term capital gains, which for non-corporate shareholders are subject to tax at reduced rates. Distribution of net gains from the sale of investments that the Fund owned for 12 months or less will be taxable as ordinary income.

Distributions of investment income reported to shareholders by the Fund as derived from “qualified dividend income” will be taxed in the hands of individuals at the rates applicable to long-term capital gains, provided that certain holding period and other requirements are met at both the shareholder and Fund level. “Qualified dividend income” generally is income derived from dividends paid by U.S. corporations or certain foreign corporations that are either incorporated in a U.S. possession or eligible for tax benefits under certain U.S. income tax treaties. In addition, dividends that the Fund receives in respect of stock of certain foreign corporations may be qualified dividend income if that stock is readily tradable on an established U.S. securities market. The amount of the Fund’s distributions that qualify for this favorable treatment may be reduced as a result of the Fund’s securities lending activities, if any. Corporate shareholders may be entitled to a dividends-received deduction for the portion of dividends they receive from the Fund that are attributable to dividends received by the Fund from U.S. corporations, subject to certain limitations. The amount of the dividends qualifying for this deduction may, however, be reduced as a result of the Fund’s securities lending activities, if any.

A distribution will be treated as paid on December 31 of the current calendar year if it is declared by the Fund in October, November or December with a record date in such a month and paid by the Fund during January of the following calendar year.

Distributions are taxable to you even if they are paid from income or gains earned before your investment (and thus were included in the price you paid for your shares). In general, you will be taxed on the distributions you receive from the Fund, whether you receive them as additional shares or in cash. Any gain resulting from the sale of your shares in the Fund will generally be subject to tax.

The Fund’s investment in foreign securities may be subject to foreign withholding taxes. In that case, the Fund’s yield on those securities would be decreased. However, if more than 50% of the Fund’s gross assets consist of foreign securities, the Fund may be able to pass through to you a foreign tax credit for such foreign taxes.

In addition, the Fund’s investments in foreign securities or foreign currencies may increase or accelerate the Fund’s recognition of ordinary income and may affect the timing, amount or character of the Fund’s distributions.

By January 31 of each year, we will send you a statement showing the tax status of your dividends and distributions for the prior year.

Taxes on Sales or Exchanges of Shares

For federal income tax purposes, any capital gain or loss realized upon a sale or exchange of shares of the Fund will generally be treated as a long-term capital gain or loss if those shares have been held for more than 12 months and as a short-term capital gain or loss if those shares have been held for 12 months or less. However, any capital loss on a sale of shares held for 6 months or less is treated as long-term capital loss to the extent of capital gain dividends received on the shares.

Any loss realized on a sale will be disallowed to the extent shares of the Fund are acquired, including through reinvestment of dividends, within a 61-day period beginning 30 days before and ending 30 days after the sale of shares. If disallowed, the loss will be reflected in an upward adjustment to the basis of the shares acquired.

U.S. Tax Treatment of Foreign Shareholders

If you are neither a resident nor a citizen of the United States or if you are a foreign entity, dividends (other than capital gain dividends) paid to you by the Fund are subject to withholding of U.S. federal income tax at a rate of 30% (or such lower rate as may be provided by an applicable income tax treaty). However, dividends attributable to the Fund’s interest income from U.S. obligors and dividends attributable to net short-term capital gains of the Fund are generally exempt from the 30% withholding tax.

Foreign shareholders will generally not be subject to U.S. tax on gains realized on the sale or redemption of shares in the Fund, except that a non-resident alien individual who is present in the U.S. for 183 days or more in a calendar year will be taxable on such gains and on capital gain dividends from the Fund.

However, if a foreign investor conducts a trade or business in the U.S. and the investment in the Fund is effectively connected with that trade or business, then the foreign investor's income from the Fund will generally be subject to U.S. federal income tax at graduated rates in a manner similar to the income of a U.S. citizen or resident.

The Fund will also generally be required to withhold 30% tax on certain payments to foreign entities that do not provide a Form W-8BEN-E that evidences their compliance with, or exemption from, specified information reporting requirements under the Foreign Account Tax Compliance Act.

The estate of a foreign shareholder may be subject to U.S. federal estate tax on shares of the Fund in addition to the federal tax on income referred to above.

In order to qualify for any exemptions from withholding described above or for lower withholding tax rates under income tax treaties, or to establish an exemption from backup withholding, a foreign shareholder must comply with special certification and filing requirements relating to its non-U.S. status (including, in general, furnishing the completed applicable IRS Form W-8BEN or substitute form).

All foreign investors should consult their own tax advisors regarding the tax consequences in their country of residence of an investment in the Fund.

State and Local Taxes

You may also be subject to state and local taxes on distributions on, and sales and redemptions of, your Fund shares. State income taxes may not apply, however, to the portions of the Fund's distributions, if any, that are attributable to interest on U.S. government securities. You should consult your tax advisor regarding the tax status of distributions in your state and locality.

PAYMENTS TO THIRD PARTIES BY THE ADVISER

The Adviser may, out of its own resources, and without additional direct cost to the Fund or its shareholders, provide compensation to certain financial intermediaries, such as broker-dealers and financial advisers, in connection with sales of shares of the Fund. This compensation is generally paid to those intermediaries that provide shareholder servicing, marketing support, broker education, and/or access to sales meetings, sales representatives and management representatives of the intermediary. Compensation may also be paid to intermediaries for inclusion of the Fund on a sales list, including a preferred or select sales list, or in other sales programs, or as an expense reimbursement in cases where the intermediary provides shareholder services to Fund shareholders.

Please be aware that the Fund may use brokers who sell shares of the Fund to effect portfolio transactions. The Fund does not consider the sale of Fund shares as a factor when selecting brokers to effect portfolio transactions. The Fund has adopted procedures which address these matters. You should note that if one mutual fund sponsor makes greater distribution assistance payments than another, your broker or financial adviser and his or her firm may have an incentive to recommend one fund complex over another.

OTHER INFORMATION

Shareholder Rights

The Fund's Amended and Restated Agreement and Declaration of Trust (the "Declaration of Trust") requires shareholders bringing a derivative action on behalf of the Fund to first make a pre-suit demand and also to collectively hold at least 10% of the outstanding shares of the Trust or at least 10% of the outstanding shares of the series or class to which the demand relates and to undertake to reimburse the Trust for the expense of any counsel or advisors used when considering the merits of the demand in the event that the Board determines not to bring such action. Following receipt of the demand, the Trustees must be afforded a reasonable amount of time to investigate and consider the demand. In each case, these requirements do not apply to claims arising under the federal securities laws.

Duties of Trustees

The Fund's Declaration of Trust provides that the Fund's Trustees are subject to the same fiduciary duties to which the directors of a Delaware corporation would be subject if (i) the Trust were a Delaware corporation, (ii) the Shareholders were shareholders of such Delaware corporation, and (iii) the Trustees were directors of such Delaware corporation, and that such modified duties are instead of any fiduciary duties to which the Trustees would otherwise be subject. Without limiting the generality of the foregoing, all actions and omissions of the Trustees are evaluated under the doctrine commonly referred to as the "business judgment rule," as defined and developed under Delaware law, to the same extent that the same actions or omissions of directors of a Delaware corporation in a substantially similar circumstance would be evaluated under such doctrine. Notwithstanding the foregoing, the provisions of the Fund's Declaration of Trust and its By-Laws, to the extent that they restrict or eliminate the duties (including fiduciary duties) and liabilities relating thereto of a Trustee otherwise applicable under the foregoing standard or otherwise existing at law or in equity, replace such other duties and liabilities of such Trustee. In addition, nothing in the Fund's Agreement and Declaration of Trust modifying, restricting or eliminating the duties or liabilities of Trustees shall apply to, or in any way limit, the duties (including state law fiduciary duties of loyalty and care) or liabilities of such persons with respect to matters arising under the federal securities laws.

NO PERSON HAS BEEN AUTHORIZED TO GIVE ANY INFORMATION OR MAKE ANY REPRESENTATIONS NOT CONTAINED IN THIS PROSPECTUS OR IN THE FUND'S SAI INCORPORATED HEREIN BY REFERENCE, IN CONNECTION WITH THE OFFERING MADE BY THIS PROSPECTUS AND, IF GIVEN OR MADE, SUCH REPRESENTATIONS MUST NOT BE RELIED UPON AS HAVING BEEN AUTHORIZED BY THE TRUST OR ITS DISTRIBUTOR. THIS PROSPECTUS DOES NOT CONSTITUTE AN OFFERING BY THE TRUST OR BY THE DISTRIBUTOR IN ANY JURISDICTION IN WHICH SUCH OFFERING MAY NOT LAWFULLY BE MADE.

FINANCIAL HIGHLIGHTS

The financial highlights tables are intended to help you understand the Fund's financial performance for the past five years. The financial information presented for each applicable period prior to December 12, 2022 is that of the Predecessor Fund. The Fund is the accounting successor to the Predecessor Fund as a result of the reorganization of the Predecessor Fund into the Fund following the close of business on December 9, 2022. The Fund has adopted the financial statements of the Predecessor Fund. Certain information reflects financial results for a single Fund share. The total returns in the table represent the rate of return that an investor would have earned or lost on an investment in the Fund (assuming reinvestment of all dividends and distributions). The information for the fiscal period ended August 31, 2023 and the year ended December 31, 2022 in the table below has been audited by Cohen & Company, Ltd., the Fund's independent registered public accounting firm whose report, along with the Fund's financial statements, are included in the Annual Report, which is available upon request. The information for the years ended December 31, 2021, 2020, 2019, and 2018 was audited by the Fund's prior independent registered public accounting firm.

PER SHARE DATA

For a Fund share outstanding throughout each period/year

PER SHARE DATA:	Period Ended August 31, 2023 ⁽¹⁾	Years Ended December 31,				
		2022 ⁽²⁾	2021	2020	2019	2018
Net Asset Value,						
Beginning of Year	\$ 46.86	\$ 52.24	\$ 47.64	\$ 50.70	\$ 43.45	\$ 49.60
Investment operations:						
Net investment income/loss ⁽³⁾	0.43	0.60	0.59	0.63	0.74	0.62
Net realized and unrealized gain (loss) on investments	2.38	(1.03)	9.65	(2.15)	7.86	(5.81)
Total from investment operations	2.81	(0.43)	10.24	(1.52)	8.60	(5.19)
Less distributions from:						
Net investment income	(0.34)	(0.60)	(0.59)	(0.64)	(0.95)	(0.62)
Net capital gains	—	(4.35)	(5.05)	(0.90)	(0.40)	(0.34)
Total distributions	(0.34)	(4.95)	(5.64)	(1.54)	(1.35)	(0.96)
Net Asset Value,						
End of Year	\$ 49.33	\$ 46.86	\$ 52.24	\$ 47.64	\$ 50.70	\$ 43.45
TOTAL RETURN⁽⁴⁾	6.03% ⁽⁵⁾	-0.98%	21.39%	-2.51%	19.89%	-10.60%
SUPPLEMENTAL DATA AND RATIOS						
Net assets, end of year (000's omitted)	\$318,781	\$321,288	\$380,868	\$356,342	\$408,961	\$370,973
Ratios of expenses to average net assets:						
Before expense waiver	0.96% ⁽⁶⁾	1.16%	1.16%	1.17%	1.15%	1.16%
After expense waiver	0.95% ⁽⁶⁾	1.06%	1.07%	1.06%	1.06%	1.07%
Ratios of net investment income to average net assets	1.36% ⁽⁶⁾	1.18%	1.10%	1.46%	1.53%	1.28%
Portfolio turnover rate	9% ⁽⁵⁾	40%	36%	33%	11%	4%

- (1) Effective August 31, 2023, the Fund changed its fiscal year end date to August 31st.
- (2) Prior to the close of business on December 9, 2022, the Fund was a series (the "Predecessor Fund") of The Torray Fund, an open-end management investment company organized as a Massachusetts business trust. The Predecessor Fund was reorganized into the Fund following the close of business on December 9, 2022 (the "Reorganization"). As a result of the Reorganization, the performance and accounting history of the Predecessor Fund was assumed by the Fund. Performance and accounting information prior to December 9, 2022 included herein is that of the Predecessor Fund.
- (3) Calculated based on the average amount of shares outstanding during the period.
- (4) Past performance is not predictive of future performance. Returns assume reinvestment of all dividends and distributions.
- (5) Not annualized.
- (6) Annualized.
